

December 2019

To the families we serve,

We are pleased to announce an important and exciting change with UR Medicine Midwifery Group! On March 1, 2020, we will begin assisting all of our families through their births at Strong Memorial Hospital's low-risk Birth Center. Our time at Highland Hospital has been filled with many wonderful memories, beautiful families and important, valued relationships that we will never forget. We are, however, thrilled about the possibilities to come in the near future for our midwifery practice, our patients, their families and most importantly, the sacred process of birth. At Strong Beginnings Birth Center, we will continue to provide a compassionate, safe, personalized and fulfilling birth experience through the midwifery approach. If you would like more information about Strong Beginnings, please visit strongbeginnings.urmc.edu.

We will continue to see patients at our two outpatient locations: 909 Culver Road and 125 Lattimore Road. Please call (585) 275-7892 to schedule an appointment at the Lattimore Road location or (585) 276-9388 for the Culver Road location.

Your dedication and belief in the art of midwifery and our practice are essential, so please know that we understand there will be questions, concerns and hopes – and we want to address each and every one of them as we move forward in this process. We value and honor each and every one of our patients and their individual experience and hope you will continue to trust us with your care, as you have done over the past 30 years.

Sincerely,

Tracy Webber, DNP, CNM, MPA, Director
Tammy Farnham, CNM, MS
Megan Hogan-Roy, CNM, MS
Pamela Jurich-Wright, CNM, MS
Heather Lane, CNM, MSN
