

# Rochester FPBP Locations

LARC may be available where teens already go for medical care, and may be covered by their insurance. There's also another option for obtaining LARC. Thanks to New York State's **Family Planning Benefit Program (FPBP)**, most teens can get LARC confidentially and for free. There are several clinics in the Rochester area that can enroll patients in this benefit program. Some clinics have walk-in hours, but it is best to call before visiting.
