

# ***All-Day Symposium Honoring Dr. Patricia Hinkle***

**Thursday, May 31, 2018**

**At the University of Rochester  
School of Medicine and Dentistry**

Dr. Patricia Hinkle, Professor Emeritus, has enjoyed a distinguished career studying how peptide hormones signal to create cellular responses. Dr. Hinkle's group has made seminal contributions to our understanding of TRH and ACTH action in pituitary and adrenal cells. She has more than 140 publications and trained numerous undergraduates, graduate students and postdoctoral fellows.

## **Keynote Speaker:**

**Dr. Heidi Hamm, Aileen M. Lange  
and Annie Mary Lyle Chair  
Vanderbilt University**

Many of Dr. Hinkle's former students, postdoctoral fellows and technicians will return to discuss their work and respective career paths at this symposium.

**Registration is NOW OPEN!**

**FREE But Required**
