

Morgan Sullivan, MSN, AGPCNP-BC

Morgan completed her Adult/Geriatric Nurse Practitioner Degree at the University of Rochester in 2016. Morgan's initial career path began in business where she graduated with a BBA from Strayer University in Virginia. After changing careers and completing her nursing degree, Morgan began her career in the medical field as an RN in the neurosurgery field and eventually completing her RN work in burn/trauma critical care at Strong Memorial Hospital.

After completing her NP degree in 2016, Morgan became a member of the UR Medicine Primary Care team. She joined LeRoy Medical Associates in her hometown where she supports the physicians in the practice. Morgan strives to provide quality and compassionate patient care, promoted through open communication and trust.

In addition to practicing medicine in primary care, Morgan enjoys watching sports, especially those that her children participate in, traveling, reading and spending time with family and friends.
