

Your patients can see a UR Medicine general surgeon right at St. James Hospital.

Meet the General Surgery Team providing care throughout the region.

When your patient needs general surgery, they don't need to drive to Rochester or elsewhere to get expert care. The UR Medicine General Surgery Team provides general surgery at our four affiliate hospitals throughout the region, including UR Medicine St. James Hospital.

These well trained surgeons are working together to better serve patients at UR Medicine affiliated hospitals. The surgical expertise and collaboration that this team brings to our communities will allow your patients to receive quality care in a smaller, comfortable hospital setting – and in a location close to home.

SERVICES AND SPECIALTIES

- General and Laparoscopic Surgery for Bowel and Colon, Gallbladder and Hernia
- Breast Surgery
- Wound Care
- Endoscopy

OUR PROVIDERS

The surgeons on the UR Medicine General Surgery Team are patient-centered and passionate about community healthcare. Many of them also have specialty training. The providers at St. James Hospital include:

Theodor Kaufman, MD

Asfanydar Khan, MD

Du Nguyen, MD

Andrew Powers, MD

Courtney Quinlan, PA

Our surgeons have privileges at F.F. Thompson, Noyes Memorial and Jones Memorial Hospitals.
