Emergency Nursing

**ED - Emergency Department - RN Exempt - Proficient (209406)**

FT position available

The ED Communication Nurse (EDCN) is the RN liaison between members of the state and local healthcare communities and the Emergency Department. The EDCN receives, assesses, manages, and triages all clinical information from Emergency Medical Services/Division of Pre-Hospital Medicine, physician offices, nursing homes, and outside hospitals for both adult and pediatric patients to expedite patient throughput. The EDCN is responsible to assess patient needs and oversee the inpatient transfer from outlying facilities to the Strong Health Care System (SMH/HH). Daily ED information is tracked such as PCP triage, transfers admissions, level of care information, and patient location. EDCN serves as consultant/liaison for transfer coordination. EDCN collaborates with the ED Team, physicians, agencies, institutions, and the community agencies to expedite patient throughput.

**Emergency Department - Registered Nurse-Level II (201349)**

FT/PT positions available. D/E/N. 8 & 12 hour shifts, holidays and weekends, on call responsibilities.

The Frank and Caroline Gannett Emergency Center is a fast-paced ED, a state-of-the-art facility that manages more than 100,000 visits a year and is one of the busiest trauma centers in the country. It is the only Level I trauma hospital in the area. The staff is responsible for treating a diverse patient population for everything from splinters to strokes to traumatic injuries. It's a challenging job with powerful payback: the satisfaction of knowing you made a difference in the lives of patients and families. Minimum of one year experience in an acute care setting. Provide direct care to patients across the age spectrum in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

**Strong West - Brockport Location - Registered Nurse-Level II (210426)**

FT positions available, D/E/N, staggered shifts, 8, 10, 12 hour shifts, weekend and holidays per unit policy.

Great opportunity to become a member of a dynamic health care team. Growth opportunities will be available as Urgent Care transforms into a full service, acute setting Emergency Department. One-year recent acute med/surg or ED/Urgent Care experience preferred. Treat pediatric and adult patients with minor illnesses and injuries. Care for patients collaboratively with advanced practice practitioners, residents, and attending physicians. Treat and release goal of 2 hours
Available Positions

or less. Flexibility, enthusiasm and a willingness to care for a diverse patient population are required. Effective communication skills are essential. This position is perfect for a self motivated, pro-active nurse who has highly effective critical thinking and prioritization skills.

**Strong West Emergency Department- Brockport - Registered Nurse-Level II (204613)**
Per diem position available, D/E/N, 8, 10, and 12 hour shifts, weekends and holidays per unit policy. On call responsibilities

Great opportunity to become a member of a supportive, caring and cohesive health care team. Staff is responsible for the care of adult and pediatric patient populations. Work collaboratively to achieve optimal patient outcomes. Ability to critically assess and treat immediate, as well as ongoing care needs with the healthcare team. Must practice with flexibility, enthusiasm and autonomy. Exceptional communication skills are essential. One-year recent acute care experience required, ED experience preferred.

**University of Rochester Urgent Care - Registered Nurse-Level II (210324)**
Per Diem position available. Open daily 9:00 a.m. to 9:00 p.m. with 4, 8, 12 hour shifts; every other weekend and holiday hours per policy.

Treat patients with minor illnesses and injuries. Care for patients collaboratively with advanced practice practitioners and/or attending physicians. Flexibility, enthusiasm and a willingness to care for a diverse patient population in a fast paced environment are required. Effective communication skills are essential. This position is perfect for a self-motivated, pro-active nurse who has highly effective critical thinking and prioritization skills. Available Positions

**Neurology/ Adult Epilepsy- Nurse Practitioner or Physician Assistant (210564)**

FT position available - Monday- Friday, days. No weekends or holidays

Exciting opportunity to work in a Level 4 Comprehensive Epilepsy Center caring for people with medically intractable epilepsy in the outpatient setting. We are a large, specialized, regional program diagnosing and treating patients with epilepsy that has not fully responded to initial therapy, offering traditional and advanced medication management, epilepsy surgery, device therapy (vagus nerve stimulation (VNS) and responsive neuro stimulation (RNS), diet therapy (ketogenic diet, Modified Atkins Diet), education, and psychosocial support to patients and families. We use a team-based care model with clerical staff, techs, nurses, advanced practice providers, epileptologists, neurosurgeons, social workers, psychologists, psychiatrists, other allied disciplines, and community support agencies such as Epilepsy-Pralid working together to provide the best outcomes. You will provide direct care through follow up E& M visits (alternating visits with the epileptologist), ordering and interpreting lab studies, neuroimaging studies and EEG results, programming vagus nerve stimulator devices, evaluating efficacy of treatment and adjusting therapy as needed. You will also provide indirect care for patients including responding to patient phone calls, MyChart messages, follow up on lab and other test results, prescription renewals, and form completion, with the assistance of a nurse and clerical staff. Onboarding to epilepsy care will be individualized with specialty education primarily provided by the physicians (epileptologists), with support from our other APPs and the rest of the team. Our goal is that you will be able to practice comfortably in an autonomous fashion with input from the physicians whenever needed and especially on a regular basis in complex cases. Required to have NY State license and certification (or eligible). Previous neurology experience ideal. Previous APP experience preferred, but new graduates with the right attitude and motivation will be considered.

Health Sciences

Project Nurse (208813)

8 AM-4:30 PM

Overview: The University of Rochester offers a world-class Executive Patient Services program which includes the departments of Special Patient Services and Executive Health. These medical concierge and executive physical programs provide enhanced customer service to the University of Rochester's major donors, identified prospective donors, and corporate clients and offers best-in-class preventive health assessments. The programs provide these individuals and their families with high-touch service under a "one call does it all" access program. The primary program objectives are: To provide a comprehensive, outstanding Executive Health physical program to existing and companies, new companies, and individual executive clients. To further strengthen existing relationships between the University and its major donors and corporations. To establish and strengthen relationships with newly identified companies and prospects for the University.

Specific Responsibilities: Collaborates cohesively with all members of the Executive Health team to organize and smoothly facilitate the Executive Health physical program. Including, but not limited to, gathering medical health history, telephone interviews, scheduling consultations with faculty members, and assisting with the executive physical. Actively participating in delivering the highest quality executive patient care including exercise tolerance testing, EKG, pulmonary function testing, vision and hearing screening and other tasks as required. Works closely with department chairs, physicians, and staff to facilitate inpatient and outpatient visits for our existing donors and corporate partners. Documents patient encounters and progress through the Executive Patient Services process, act as a liaison between Advancement gift officers, Executive Patient Services staff and donors. Provides outstanding communication and stewardship with University of Rochester donors and corporate partners. Anticipates the need for appropriate materials for the Executive Director for effective decision making and preparation for meetings and lunches. Proactively prepares and compiles background information needed in preparation for meetings, events and activities. Arranges follow-up meetings, correspondence, and activities as it relates to patient stewardship, cultivation and relationship building. Follows all HIPAA regulations and ensures compliance throughout the implementation, evaluation, and continuance of the program. Provides program coverage both during business hours and after hours via the 24/7 on call answering service. Other duties as required by the Chief Medical Officer and the Executive Director of Executive Patient Services.

Requirements: Registered Nurse with current NY State license and a minimum of 5 years of nursing experience. Master's degree preferred, ideally as a NYS licensed Nurse Practitioner or Physician Assistant. Embraces the importance of patient satisfaction and patient-centered care. Must have experience collaborating and building consensus among diverse constituencies; excellent organizational and communication skills are required. Ability to work with a high level of confidentiality is imperative. Previous experience interacting with patients is required. Ability to think creatively is a plus.

School of Nursing

Project Nurse (208915)

7AM-7PM; OCC WKENDS

Do you want to engage the full extent of your education to really make a difference in someone's life? Are you passionate about promoting wellness and providing exceptional care? Do you want to be part of a multi-disciplinary team dedicated to improving individual health and well-being? The University of Rochester School of Nursing currently has an exciting opportunity for a Wellness Nurse in our Center for Employee Wellness. As trusted professionals with extensive knowledge of health and wellness, our mission is to provide personalized care and outstanding service. We are looking for nurses who are dedicated to helping our clients live healthier lifestyles through individual engagement, health assessments, lifestyle coaching and chronic disease management programs. You will be part of a team of highly motivated professionals working to create a culture of wellness and well-being in the community. With chronic disease and obesity on the rise worldwide, traditional medical providers and government agencies are shifting focus to prevention and wellness. Today more than half of global employers are using health promotion strategies to keep people well. The University of Rochester School of Nursing has risen to the challenge and developed an innovative, comprehensive and evidence-based employee wellness program, known as the UR Medicine Employee Wellness Program. We offer wellness programs directly to employers in the Rochester and surrounding region. As part of this rapidly growing approach to healthcare you will make a difference every day. What do we offer? The opportunity to collaborate with a multi-disciplinary team A strong focus on wellness and preventative care that treats individuals before they get sick The ability to build strong one-on-one patient/provider relationships The chance to have a direct role in helping clients live healthier lifestyles The opportunity to work outside the
Available Positions

traditional clinical setting  Flexibility to achieve work-life balance

Position Summary: Nurses in the Center for Employee Wellness (CEW) provide direct care services to clients in a variety of settings. Nurses perform full panel biometric screenings using point of care testing (POCT) and provide follow up counseling and education about strategies to improve or maintain health. Nurses also refer/recommend clients to appropriate programs. Our nurses work in a fast paced, collaborative environment where nursing expertise is valued and independent practice is realized. Nurses report to Chief Wellness Officer.

Responsibilities: Employee Wellness - Biometrics

- Conduct POCT biometric screenings.
- Integrate information in real time from biometric screenings; educate and counsel participant on outcomes.
- Engage and encourage participant to follow-up with personal health assessments and other resources to make measurable improvements in their wellness goals. Make referrals as appropriate to PCP, Condition Management, Lifestyle Management, Behavioral Health Partners, and other programs based on participant needs.
- Use technology effectively to meet client needs.
- Communicate with other service providers.
- Provide onsite nurse wellness coaching utilizing information from various sources including biometric screening and personal health assessments.
- Stay current with best practices in the health and wellness field.
- May oversee other clinical staff and clerks to assure smooth administration of clinical services and/or participate in coordination of off-site clinics and group sessions.

Requirements: Registered Nurse with current CPR certification. Licensed Registered Nurse with excellent organizational and communication skills and the ability to multi-task and problem-solve in a fast-paced clinical environment. Nurses must be able to travel to employer sites to provide services. Use of a car (reimbursement for mileage provided) and a current New York State driver's license is required. Basic computer skills are essential.

Strong Memorial Hospital

Project Nurse (209431)

8 AM-4:30 PM

Position Description: The Project Coordinator performs concurrent reviews and data abstraction on patients in SMH and HH for purposes of ensuring completion and compliance with the VQI Registry, and quality improvement projects related to the cardiovascular service line. The position reviews the medical records and works to identify patients who meet registry inclusion criteria. After identification of patients, all data elements are abstracted per registry requirements. The Project coordinator facilitates appropriate actions to abstract data elements for the registry and demonstrates subject matter expertise in the data definitions and elements within the registry. Also responsible for planning, building and implementing structured clinical documentation notes. The Project Coordinator completes case reviews for patient morbidities/mortalities, maintains a dashboard to track complications for trending purposes, and collaborates with a multidisciplinary team to formulate/implement process improvements for SMH and HH. Works with the Hospital Quality Office to appropriately report adverse events and take further action when necessary. Reports data to the Department of Surgery as requested. Assists with other office tasks as needed.

General Responsibilities: Clinical knowledge: Data collection for registries and identification of areas for quality improvement require clinical knowledge and understanding of patient care. The candidate should have clinical understanding in the cardiovascular field. Computer Knowledge: The ability to learn and use new software and web applications for data entry and report generation. This position also involves planning, building, and implementing structured clinical documentation notes/order sets with the facility's electronic medical record for CVSL quality assurance-related purposes. Experience with MS Office and basic statistical skills is necessary.

Hospital Systems
Available Positions

Knowledge: The ability to track down information through various sources including clinics, outside hospitals, Office of Clinical Practice Evaluation, and medical records. The candidate should have some experience gathering information in a complex hospital system environment. Hospital Departmental Knowledge: The ability to identify opportunities to feedback VQI and internally tracked data to relevant groups or meetings (includes: M&M, infection control, quality management, Department of Surgery, Heart and Vascular QA subcommittee, and administration) Qualifications/Experience: Graduate of accredited school of nursing/Licensed in New York State as a Registered Nurse Detail oriented with strong organizational and prioritization skills and ability to work independently under general directions. Minimum two (2) years of cardiovascular or Critical Care experience showing progressive level of knowledge within areas of responsibility, as well as a minimum of 2 years of data collection, process and analysis preferred. Ability to interact with all members of Heart and Vascular Service Line including Surgeon Champions, Physicians, and administrative staff in a professional and courteous manner. Must have strong computer skills, including Microsoft Excel, Word and PowerPoint. Knowledge of Electronic Medical Record building strongly preferred.
