Available Positions

skills, great communication and organization skills, and work collaboratively with a multidisciplinary team. Minimum one year RN expertise in an acute care setting, respiratory/ventilator experience preferred.

Emergency Nursing

**ED - Communication Nurse: Emergency Department - Registered Nurse - Level II (223339)**

FT position available

The ED Communication Nurse (EDCN) is the RN liaison between members of the state and local healthcare communities and the Emergency Department. The EDCN receives, assesses, manages, and triages all clinical information from Emergency Medical Services/Division of Pre-Hospital Medicine, physician offices, nursing homes, and outside hospitals for both adult and pediatric patients to expedite patient throughput. The EDCN is responsible to assess patient needs and oversee the inpatient transfer from outlying facilities to the Strong Health Care System (SMH/HH). Daily ED information is tracked such as PCP triage, transfers admissions, level of care information, and patient location. EDCN serves as consultant/liaison for transfer coordination. EDCN collaborates with the ED Team, physicians, agencies, institutions, and the community agencies to expedite patient through put.

**ED Observation 2 / Boarding Unit 218 - Nurse Residency Program for 2021 Graduates - Registered Nurse-Level I (226986)**

ED Observation 2 Department Residency FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

Provide direct care to adult/geriatric patients in a fast-paced environment. Opportunity to care for a wide variety of diagnosis from Observation to Med-Surg level of care. Must demonstrate good interpersonal skills, effective communication, prioritization and organizational skills. During the residency you will be under the direct supervision of a Registered Nurse for 3 months along with didactic classes to reinforce the learning. (Must be flexible with scheduling). After one year, opportunity to work in main adult ED.

**ED Observation/Transition Unit - Registered Nurse-Level II (229041)**

Perdiem positions available, D/E/N, 8 & 12 hour shifts, weekends and holidays per unit policy.

The Observation unit cares for adult patients needing additional observation to determine if the patient's condition is serious enough for admission to the hospital or if the patient can be treated and released home safely. The Observation unit is a very fast paced environment that turns over 20 to 27 patients per day, with an average length of stay of 27 hours. The unit has 24/7 provider coverage. One-year recent acute med/surg experience preferred. Flexibility, enthusiastic and willing to care for a varied patient population in a changing environment! Effective communication skills are essential.

**Emergency Department - Registered Nurse-Level II (228579)**

FT/PT positions available. D/E/N. 8 &12 hour shifts, holidays and weekends, on call responsibilities.
Available Positions

The Frank and Caroline Gannett Emergency Center is a fast-paced ED, a state-of-the-art facility that manages more than 100,000 visits a year and is one of the busiest trauma centers in the country. It is the only Level I trauma hospital in the area. The staff is responsible for treating a diverse patient population for everything from splinters to strokes to traumatic injuries. It's a challenging job with powerful payback: the satisfaction of knowing you made a difference in the lives of patients and families. Minimum of one year experience in an acute care setting. Provide direct care to patients across the age spectrum in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

Emergency Medicine Service Nurse Flex Team - Registered Nurse-Level II (222320)
FT Position, D/E/N

Dynamic new position to work across multiple Emergency Medicine Service areas including SMH ED, SMH ED Obs Unit, Strong West ED, and 6 Urgent Care locations. A team oriented and independent RN to work 6 week assignments to augment staffing in designated areas. Direct patient care navigating the patient encounter with patient triage, treating a diverse population (including pediatric) for everything from splinters to strokes to traumatic injuries, and coordination of care. Must possess strong assessment and organizational skills and excellent communication. The candidate must be able to demonstrate flexibility, the ability to work in a fast paced environment, and be flexible to the changing needs of the assignment. Critical care experience preferred. BLS, ACLS, & PALS.

Emergency Nursing Residency Program for August 2021 Graduates - Level I (227928)

Adult Emergency Department Residency FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

Provide direct care to adult/geriatric patients in a fast-paced challenging environment. Must demonstrate good interpersonal skills, effective communication, strong prioritization and organizational skills. During the residency you will be under the direct supervision of a Registered Nurse for 6 months in the clinical setting along with didactic classes to reinforce the learning. (Must be flexible with scheduling).

Emergency Observation 2 / Boarding Unit 218 - Registered Nurse Level II (225808)

FT positions available, D/E/N, 12 hours shifts, weekends and holidays per unit policy.

Available Positions

**OB/GYN Nursing**

*31400 - Labor and Delivery - Level II (227637)*

FT positions available (36 hours), D/N, 8 & 12 hour shifts, holidays and weekends, on call responsibilities.

Provide direct care to high-risk antepartum, intrapartum and postpartum women with medically or obstetrically complicated pregnancies, in collaboration with physicians and social workers in Labor and Delivery. Demonstrates good communication skills and the ability to prioritize and problem solve in a fast paced environment. In addition to the primary position to this unit, employees are oriented and trained to various competencies/modes of care across the OB service. Floating among the units in order to meet variable needs of volume and acuity is an ongoing expectation of all OB/GYN nurses. Minimum one year OB or Critical Care experience preferred.

**Pediatric Nursing**

*7 South - Pediatric General Surgical/Renal/GI - Level I - II (229188)*

FT positions available, D/E/N, 8 & 12 hour shifts, weekends and holidays per unit policy.

We are looking for an individual to become part of a nursing team dedicated to the care of children with general surgical/renal/GI clinical issues. Care of the pediatric patient/family is a challenging, fast paced environment and requires strong organizational, time management and critical thinking skills. Nurse will develop diverse competencies and function as an important member of the pediatric interdisciplinary team. Must be committed to customer focused, family centered care, focusing on general surgical/renal/GI clinical issues and their unique psycho-social needs. Pediatric and/or acute care experience preferred.

*8 South - Pediatric Adolescents / Endocrine / Orthopedic / Pulmonary - Level I - II (229301)*

FT positions available, D/E/N, 8 & 12 hour shifts, weekends and holidays per unit policy.

We are looking for an individual to become part of a nursing team dedicated to the care of children with adolescents/endocrine/orthopedic and pulmonary clinical issues. Care of the pediatric patient/family is a challenging, fast paced environment and requires strong organizational, time management and critical thinking skills. Nurse will develop diverse competencies and function as an important member of the pediatric interdisciplinary team. Must be committed to patient focused, family centered care, focusing on adolescents/endocrine/orthopedic and pulmonary issues and their unique psycho-social needs.

**Department of Pediatric Allergy and Immunology - Registered Nurse-Level II (228015)**

FT/PT position available; mostly days

The Department of Pediatric Allergy is looking for a team oriented yet independent pediatric nurse to work within our multidisciplinary team to provide patient and family centered outpatient care. This position involves nursing care in clinic that will include patient monitoring and assessment while administering allergy shots, allergy testing, oral food/drug challenges,
Available Positions

and food allergy trials as well as other clinic/patient support duties. When not in clinic this position will provide telephone triage/management to support the care of the patients seen by The Division of Pediatric Allergy. Nurses must have 2-3 years nursing experience with pediatric experience preferred but not required. Excellent problem solving, prioritization and communication skills are required. Must be able to use independent judgment skills within the support of the multidisciplinary team. Telephone Triage and phlebotomy skills preferred but not required.

**Pediatric Cardiac Catheterization/EP Lab - Level II (229256)**

FT position available, Monday thru Friday, primarily days, with on-call responsibilities.

Function as a member of the Pediatric Cardiology team with primary responsibilities in the Pediatric Cardiac Catheterization/EP lab. Primary responsibilities include control room role for hemodynamic/interventional procedures, including hemodynamic and rhythm monitoring and creation of patient data reports and procedure documentation. Provide direct care to pediatric and adult cardiology patients undergoing cardiac catheterization procedures, including pre-procedural assessments, patient education, and discharge planning. Act as circulation nurse during procedures. Assist with patient management, and telephone triage for patients undergoing cardiac catheterization. Pediatric experience preferred, minimum of 3 years acute care experience preferred.

**Pediatric Emergency Department (Peds ED) - Registered Nurse - Level II (228934)**

FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

The Peds ED offers family centered care to those under the age of 19, seeking care for urgent and emergent issues. The unit is comprised of 18 general care beds, 1 critical care bed, 4 urgent care beds and the use of the 7 bed trauma bay which we share with the adult ED. The tertiary care offered at GCHaS has a complex case mix. From treat and release to acute critical care/trauma the staff are trained to function in a fast paced and challenging environment. Minimum of one year experience in pediatric acute care or ED experience. Provide direct care to pediatric patients/families in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

**Pediatric Imaging and Procedural Sedation Unit (G-GCH) - Golisano’s Children’s Hospital - Level II (228183)**

Full Time (40 hours/week), D/E/N, staggered 8 and 10 hour shifts.

This unique unit seeks passionate and motivated individuals to care for a wide variety of inpatients and outpatients across the pediatric age spectrum undergoing diagnostic CT, MRI, PET MRI, Ultrasound, and GI/GU imaging. Population also includes sedated procedures, including pre and post/minimal to deep sedation and general anesthesia for IR, MRI and non-imaging procedures. Although predominately pediatric, this area also cares for adult patients undergoing cardiac CT, MRI and PET/MRI. Must be flexible and able to adapt/prioritize readily to changing responsibilities in a fast paced environment. Strong assessment, excellent communication and good IV skills are essential. Expectation is to provide high quality patient and family centered care, especially in challenging situations. 3-5 years of acute pediatric or mixed adult/pediatric
Available Positions

experience required. Radiology, Pediatric Critical Care, Pediatric PACU or Pediatric ED experience preferred. PALS and ACLS required within 1 year of hire.

**Pediatric Surgical Suite - Registered Nurse-Level II (226880)**

FT position available, D/E, 8, 10, and 12 hour shifts, occasional nights and week-ends per unit need. Holiday and on-call responsibilities

Opportunity to work in a family oriented pediatric surgery center with in-patients and out-patients. Pediatric, PACU, PICU, Med/Surg, and/or critical care experience preferred. In this fast paced and challenging unit, RN's work together as a team in the variable settings of Preanesthesia, PACU, and Post-operative Discharge. Demonstrates flexibility with scheduling to meet unit needs.

**Pediatric Transport Nurse - Registered Nurse-Level III (227177)**

FT/PT positions available, D/N – 12 hour shifts. Rotating holiday requirements, occasional on-call responsibilities.

The Pediatric Transport Team is seeking experienced critical care nurses for the role of pediatric transport nurse. The Pediatric Transport Program transports critically ill children from outlying hospitals in the Upstate NY region to Golisano Children's Hospital at URMC via ambulance, rotary, and fixed wing aircraft. In addition, the transport nurse is an expert resource for the entire pediatric service and is essential in the following: Rapid Response Team, Pediatric Code Team, procedural sedation, advanced IV access, intra-facility transport of critically ill patients, and pediatric trauma response. As a member of the pediatric critical care team, the transport nurse initiates and participates in ongoing staff education, performance/quality improvement, and organizational activities that contribute to improving patient care and safety. The ideal candidate will have a minimum of three years pediatric critical care experience; combined relevant experience will be considered.

**Perioperative Nursing**

**ASC-- Ambulatory Surgical Center 2nd Floor - Registered Nurse-Level II (228861)**

Available Positions

program has a long history here at our institution, starting in 1966 and transplanting more than 2,500 patients. This position is critical to the well-being of our post-transplant patients by providing them with the resources they need to maintain their donated organ. Establishing good rapport with patients, their support team and referring physicians is key to this position. The ability to work in a fast paced environment while juggling multiple responsibilities is paramount. Strong clinical skills and an interest in patient education is required. This is a detail oriented position that requires a great deal of time on the phone working with patients and their support team, answering questions, assessing patient status and providing guidance while pulling in other multidisciplinary team members when needed. Candidate must have excellent communication skills and be comfortable working in a dynamic multidisciplinary setting. Position requires involvement in quality committee meetings and projects. Participation in developing and maintaining policy and procedures is encouraged. The candidate will serve as a resource to internal and external health care providers. The coordinator is responsible for adherence to hospital and nursing policies, procedures and practice standards, education of patients and staff, assurance of service excellence, completion of state and hospital required reviews of practice and participation in performance and quality improvement and other activities as required.

**Liver Post-Transplant Coordinator - RN Level IV (228609)**

FT position available M-F, with some rotating call taken from home managing the logistics of setting up liver transplants and addressing patient phone calls.

Exciting position in the solid organ transplant program working with the post-liver transplant patient population. This position is critical to the well-being of our post-transplant patients by providing them with the resources they need to maintain their donated organ. Establishing good rapport with patients, their support team and referring physicians is key to this position. The ability to work in a fast paced environment while juggling multiple responsibilities is paramount. Strong clinical skills and an interest in patient education is required. This is a detail oriented position that requires a great deal of time on the phone working with patients and their support team, answering questions, assessing patient status and providing guidance while pulling in other multidisciplinary team members when needed. Candidate must have excellent communication skills and be comfortable working in a multidisciplinary setting. Position requires involvement in quality committee meetings and projects. Participation in developing and maintaining policy and procedures is encouraged. The candidate will serve as a resource to internal and external health care providers. The coordinator is responsible for adherence to hospital and nursing policies, procedures and practice standards, education of patients and staff, assurance of service excellence, completion of state and hospital required reviews of practice and participation in performance and quality improvement and other activities as required.

**Liver Pre-Transplant Coordinator - RN Level IV (228610)**

FT position available M-F, with some rotating call taken from home managing the logistics of setting up liver transplants and addressing patient phone calls.

Exciting position in the solid organ transplant program working with the pre-liver transplant patient population. This position is critical to the evaluation and listing process for patients in need of a liver transplant. Establishing good rapport with patients, their support team and referring physicians is key to this position. The ability to work in a fast paced environment...

WCI Clinical Trials Office - Assistant Nurse Manager - Level IV (229266)

FT position, D/E, 8 & 10 hour shifts, holidays and weekends per unit policy.

The WCI Clinical Trials Office is seeking a highly motivated and dynamic individual to become part of our leadership team assuming the position of assistant nurse manager of the WCI CTO Research Nursing Team. This is a great opportunity to mentor and work with staff to further develop the Research Nurse role in disease specific groups within WCI. The ideal candidate will possess strong communication skills, effective group leadership, and problem solving skills. Flexibility, creativity, and teamwork are highly valued in this role. The ANM will assume an integral role in contributing to quality improvement, program development, and staff training along with supporting a multidisciplinary, collaborative approach to care. Strong applicants will have at least 2 years of Clinical Trials experience, BSN.

Wilmot Cancer Institute: Patient Access Specialist - Clinical Resource Nurse (228035)

FT position available (40 hour) - 12hr shifts, days

Facilitates timely admission of patients from ambulatory areas, SMH, Emergency Department, and direct admits, to inpatient beds within the Wilmot Cancer Institute and Highland Hospital oncology unit. Using clinical judgement and oncology experience to ensure the correct clinical placement of patients, the PAS will work collaboratively with the SMH and Highland Hospital admitting clinical coordinator. In addition the PAS will regularly interface with provider teams, emergency department staff, all inpatient/outpatient areas, and patient and families. Discretionary skills, critical thinking, and excellent communication are essential to act as a liaison between provider teams and bed management staff to facilitate the admission of patients to Wilmot/HH inpatient units. Qualifications: Licensed Registered Nurse with current NYS registration, BSN, and minimum of 3-5 years recent acute care hospital experience required. Oncology experience and certification preferred. The PAS candidate must possess excellent communication and critical thinking skills as well as demonstrate strong interpersonal and customer service skills. Must have flexibility to meet scheduling needs.
Available Positions

Opportunities for APP (NP or PA)

Ambulatory Services

**Ambulatory Cardiology - Nurse Practitioner/Physician Assistant (229260)**

PT/FT position available. Monday through Friday, days, 8 hour shifts- 40 hours.

We are looking for an energetic, self-motivated individual with exceptional organizational skills to provide direct patient care to ambulatory cardiology patients at our nationally recognized facilities. The individual should possess excellent communication and documentation skills, be flexible, and be able to work independently. The APP will provide direct patient care, assessment and intervention including scheduling patients for testing and procedures. The APP will also work alongside our entire Cardiology team in our Monroe County Offices. This position requires frequent communication between APP, Cardiologists, patients and staff. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. Must be NYS eligible for NP/PA certification. Certified NYS NP, MS degree required or Certified NYS PA required. Cardiology experience preferred.

**Chronic Pain Service - Nurse Practitioner/Physician Assistant - Chronic Pain Inpatient Service (229102)**

FT position available (will consider 20 hour), no weekend, no off shifts

To provide E&M services to adolescent, adult, and geriatric patients with Inpatient Chronic Pain Service and Integrated Cancer Pain Service as well as outpatient Cancer Pain clinic at the Strong Memorial Hospital. Performs initial assessment, outlines treatment plans, coordinating any interventional procedures for these patients with the attending anesthesiologists. Maintains ongoing coordination with the surgical, orthopedic, pediatric, medical, and oncology services, in ensuring the appropriate care and pain management are undertaken. Participates in QA and treatment-related research undertaken by Anesthesiology providers. Assists in providing education regarding pain management therapies to residents, nursing staff and medical students working with the Chronic Pain Inpatient Service. Nurse Practitioner: Requires a Master's Degree in Nursing or related field and an active New York State license in good standing. Applicants will have 5 years of experience as an RN with one to three years of leadership experience or equivalent combination of education and experience. The Nurse Practitioner influences the quality and delivery of care in various roles including consultant, researcher, mentor, and practitioner. This role may be unit, program, or service based and is involved in continuous quality improvement initiatives. Physician Assistant: Completion of an AMA approved Physician Assistant program, licensure in good standing, and certified as a Registered Physician Assistant. Demonstrated clinical competence, superior verbal and written communication skills, interpersonal effectiveness and customer relation skills, computer competence and must have an active desire to learn. This role may be unit, program, or service based and is involved in continuous quality improvement initiatives.
Available Positions

**Ophthalmic APP (Uveitis) - Family Nurse Practitioner/Physician Assistant (228624)**

FT position available, primarily days, no weekends

The University of Rochester is seeking a motivated APP to specialize in Uveitis or inflammation of the eye. Uveitis could be considered the "Rheumatology," of the eye. Like Rheumatology, the inflammation may be distributed throughout the body and so the medical exam, work-up and treatment requires a solid command of the basics and yet the willingness to learn and do more. Typical responsibilities include consulting with patients, ordering/following up on labs as well as managing/monitoring medications. This wonderful opportunity will position the advanced practice provider (APP) in a rich array of education opportunities and one on one teaching provided by our nationally recognized faculty. The successful candidate will work with a team of mentors to build the requisite knowledge required to care for these complex patients. Candidates must demonstrate a high level of clinical competence in the coordination of care across the inpatient and outpatient setting, strong communication skills, and a focus upon patient centered care and patient/family satisfaction.

Qualifications: Requires a Master's degree in Nursing, NYS licensure and National Certification as a NP. Physician Assistant- Completes an AMA approved Physician Assistant Program, NYS licensure and National Certification.

**Cancer Center**

**Palliative Care - Nurse Practitioner/Physician Assistant (228368)**

FT position available (40 hours), Monday-Friday, 8 hour days.

This is an opportunity for a motivated APP to join the growing Palliative Care Department. The Outpatient Palliative Care APP evaluates and treats patients with serious illness, with focus on management of symptoms, care goals clarification, and emotional, practical and spiritual support. Depending on patient and family preference and capability, care may be provided in-person or virtually. The APP is a member of both the Palliative Care Division, and more specifically the interdisciplinary outpatient team (including administrative staff, nurses, PCT(s), physicians, social worker, mental health therapist). The APP participates as schedule allows in Division-wide meetings, and in regular outpatient team meetings. The APP manages their phone calls, EMR and email communications daily. The APP shares weekday phone/EMR back-up for colleagues, and is on-call for occasional daytime holiday and weekend answering service calls (less than 10 days yearly). Prior advanced practice experience or experience in palliative care and/or hospice is highly preferred. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. Must be NYS eligible for NP or PA certification. ACLS/BLS certifications required.

**Cardiovascular Center**

**42800 - Cardiac ICU - Nurse Practitioner / Physician Assistant (225109)**

FT position available, D/N, 13 hour shifts, weekends & holidays per unit policy.

Exciting opportunity to work in a well-established high performing APP group. Responsibilities include direct care for all cardiac surgery and cardiology ICU patients. Our CICU is a quaternary referral Shock Program with high volume ECMO, Impella, and VADs. Independent management (including invasive procedures) in collaboration with dedicated CICU
Available Positions

Intensivists. Other responsibilities include routine management of post-operative cardiac surgery patients (CABG, valves, TAVR, Aortic replacement, VAD, transplant, etc), post cath lab ICU patients (PCI / Stent, IABP, Impella), participation in QA/PI, educational conferences and rounds, and student precepting. Applicant must be motivated, flexible, and independent and possess excellent clinical skills in critical care. Applicants should have 2 years recent relevant experience and be NCCPA certified or NYS NP eligible. Will consider exceptional new grads.

Critical Care Services

31800 - Trauma ICU - Nurse Practitioner/Physician Assistant (229100)
FT position available, rotating shifts, weekends & holidays per unit policy.

Exciting opportunity to work in a well-established practice. Responsibilities include direct care for patients on the trauma service. Direct care responsibilities include admission work-ups, daily management (including procedures and transfer/discharge). Other responsibilities include participation in QA/PI, educational conferences and rounds, student precepting, and support of unit based nurses and leadership. Applicant must be motivated, flexible, and independent and possess excellent clinical skills in critical care. Acute Care NP with national certification or Physician Assistant who has completed an AMA approved Physician Assistant Program, NYS licensure and national certification. Ideally applicants will have 3-5 years recent relevant experience. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training.

83600  Surgical ICU - Nurse Practitioner/Physician Assistant (228967)
FT position available, D/E/N, 13 hour shifts, weekend and holidays per unit policy

Exciting opportunity to provide comprehensive care to critically ill patients. Responsibilities will include oversight for medical care to critically ill patients in the surgical intensive care unit. This person will function as a provider and assume direct care responsibilities within a collaborative framework with ICU attending; MS degree with eligibility for NYS NP license or eligibility for PA license required. Current critical care experience (3 to 5 years minimum) and ACLS certification required. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training.

Interventional Radiology/Regional - Nurse Practitioner / Physician Assistant (226856)
FT position available, primarily days, weekends only if needed

This position serves the Department of Imaging Sciences in the section of Regional Vascular and Interventional Radiology. The responsibilities of this position include the consultation and work up of outpatients and occasional inpatients for possible endovascular and interventional procedures. This position requires travel to the locations of UR Noyes/Dansville, NY (primary Location), UR/St James in Hornell, NY (future) and Auburn Community Hospital/Auburn. Under general direction the APP will independently act as a patient consultant for the interventional radiology services at the above mentioned hospitals. The scope of practice includes: clinical consultation (70-80%) including: patient consults to the endovascular and
Available Positions

interventional radiology service, history/physical examination, laboratory & noninvasive testing interpretation, relevant documentation and consultation with the IR physicians regarding patient care and obtaining procedural and moderate sedation consent. The remaining 20% of clinical time is spent performing interventional procedures: paracentesis, thoracentesis, central venous access, and CT/Ultrasound guided procedures. Depending on this person’s interest and skill set more advanced procedures may be introduced into the scope of this practice. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. Requires certification (or eligible) for NYS NP/PA certification.

**Strong Memorial Hospital IR @ Highland Hospital - Nurse Practitioner/Physician Assistant (228622)**

FT position available, periodic weekend call will be required. The number of weekends varies and is split among 3 other APPs.

This position serves the Department of Imaging Sciences, Division of Vascular and Interventional Radiology at Highland Hospital in Rochester, NY. Highland Hospital is a 261-bed facility, an extensive outpatient network, and is an affiliate of the University of Rochester. Under general direction the APP will act as a patient consultant for the interventional radiology service. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. This position requires licensure and certification in NYS as a Nurse Practitioner or Physician Assistant in good standing. Vascular surgery, Interventional Radiology or similar experience. Radiologic Technologist license is a plus but not required. 1 – 2 years’ experience preferred but will consider exceptional new graduates.

**Emergency Department**

**Emergency Department - Nurse Practitioner/Physician Assistant (227772)**

FT position available, rotating D/E/N, 8, 10 & 12 hour shifts, Weekends & Holidays as needed.

Position available for NP/PA to work in SMH Adult ED and Observation Unit. NP/PAs provide initial care in triage, urgent care and acute care for patients in an academic Level 1 Trauma ED with over 100,000 patients visits per year. NP/PAs work collaboratively with Emergency Medicine physician and nursing staff. Patients require evaluation, intervention, and disposition. Excellent communication and teamwork required. Prior advanced practice experience and current national certification for NPs and PAs required. New graduates will not be considered. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training.

**Urgent Care - Nurse Practitioner/Physician Assistant (229262)**

FT/PT positions available, D/E/N, staggered shifts, 8, 10, 12 hour shifts, weekend and holidays per unit policy.

Looking for experienced NP/PA to work to D/E/N – responsibilities will be to treat patients with minor illnesses and injuries with a treat and release goal of 2 hours or less. Care for patients collaboratively with residents, and attending physicians.
Available Positions

Flexibility, enthusiasm and a willingness to care for a diverse patient population in a fast paced environment are required. Effective communication skills are essential. This position is perfect for a self-motivated, pro-active NP/PA who has highly effective critical thinking and prioritization skills. NP's/PA's will function with a high degree of autonomy but will work closely with the medical director to ensure quality of care and compliance with standards/guidelines. Recent experience in acute care of ED or Urgent Care helpful and applicants must be NYS NP/PA eligible. New graduates will not be considered. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training.

Neurology Services

**Comprehensive Pain Management - Neurosurgery - Nurse Practitioner/Physician Assistant (226110)**

FT position available, Monday-Friday

**Neuropalliative Care (Adult Neurology) - Nurse Practitioner/Physician Assistant (229072)**

FT position available, Monday-Friday

Exciting opportunity to join an interdisciplinary team in caring for adult patients with a variety of progressive neurologic diagnoses, including movement disorders, neuromuscular, neuroimmunologic and dementia-associated conditions. You will partner with nationally-renowned physician experts, dedicated nursing, social work, and technical staff in providing state-of-the art care to patients and families. Major responsibilities include providing direct and indirect care for patients seen in the ambulatory setting. The APP will participate in advanced care planning, and will work closely with hospice services, home care services and social work to reduce hospital readmissions and provide holistic care for patients with debilitating neurologic conditions. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. The APP will also have the opportunity to participate in research, including observational studies and clinical trials. Requirements: NYS NP or PA license/ CPR, national certification by ANCC or ACNP.

**Neurosurgery (Cerebrovascular & Complex Spine) - Nurse Practitioner/Physician Assistant (228042)**

FT position available, Monday-Friday

Opportunity to work with a Cerebrovascular and Complex Spine focused Neurosurgery practice. Inpatient and Outpatient
Available Positions

patient management responsibilities at Strong Memorial Hospital with a team of Neurosurgeons, Neurosurgery residents and unit based APP's. An experienced APP with strong clinical skills is desired for this position, however, we will consider a highly-motivated, reliable, and ambitious new graduate. Experience in Neurology and Neurosurgery desired. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. The candidate must have or be eligible for NYS NP/PA certification along with licensure.

**Neurosurgery - Inpatient/Outpatient - located in Ithaca, NY - Nurse Practitioner/Physician Assistant (226964)**
FT position available, primarily days with one weekend call / month

The University of Rochester is seeking a motivated APP to join the growing practice of a URMC Neurosurgery located in Ithaca, New York. The practice has 2 Board Certified Neurosurgeons and a Nurse Practitioner. Candidates must demonstrate a high level of clinical competence in the coordination of care across the inpatient and outpatient setting, strong communication skills, and a focus upon patient centered care and patient/family satisfaction. The APP influences the quality and delivery of care in various roles including consultant, researcher, mentor, and practitioner. This role is service based and is involved in continuous quality improvement initiatives. Prior experience in the inpatient/outpatient management of Surgery or Neurosurgery patients is highly preferred. Qualifications: Requires a Master's Degree in Nursing. Must be NYS NP licensed. Must possess or obtain national certification within 6 months of hire. An NP applicant would need to complete an RNFA course to become certified to assist in the Operating Room. PA requires completion of an AMA approved PA program, licensure in good standing and certified as a Registered PA. The APP will participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training.

**OB/GYN Department**

**OB/GYN and High risk OB - Nurse Practitioner/Physician Assistant /Certified Nurse Midwife (227693)**
FT position available (40 hours)

Exciting opportunity for advanced practice provider to work in collaboration with Generalist OBGYN, Maternal Fetal Medicine Faculty and APP's in provision of clinical care for patients with gynecologic and obstetric needs. The position offers flexibility working with general gynecology patients and both the low risk and higher risk obstetric patient populations at the Women's Health Practice and with the obstetrical patients at Strong Perinatal Associates. The APP as part of the multidisciplinary team provides direct patient care and management, in-basket management, follow up and education for patients. Candidates must have excellent communication skills, self-motivation for on-going learning, flexibility and teamwork skills. Mainly day shift, with evening clinic coverage. Requires a Master's Degree in Nursing or related field and an active New York State license in good standing. Minimum of 3-5 years of experience.

**Psychiatric Department**

**Comprehensive Psychiatric Emergency Program (CPEP) - Psychiatric Nurse Practitioner**
Available Positions

(228623)

Full Time positions available Monday through Friday Day/Evening Shifts. Occasional Weekends. No on-call responsibilities.

The Psychiatric Nurse Practitioner working in the Comprehensive Psychiatric Emergency Program will provide psychiatric evaluations and assessments, interventions and disposition planning for patients who present to the emergency room with urgent psychiatric mental health needs. The Psychiatric Nurse Practitioner will have accessibility to psychiatrist consultation within a dynamic multidisciplinary team. Strong interpersonal skills, good organizational skills, and flexibility a must. The NP will also participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. Qualifications: NYS Licensure as a Psychiatric Nurse Practitioner and ANCC Board Certification (certification required by end of first year of employment). At least one year of experience as a psychiatric nurse practitioner in an acute clinical setting preferred.

Pediatric Psychiatric Consultation Liaison Service - Psychiatric Nurse Practitioner (228077)

Full time position available, Monday through Friday Days. No call.

Work as a member of a multidisciplinary team in providing psychiatric evaluations and recommendations as a consultant to a large pediatric inpatient service with a diverse group of patients with varying diagnoses. Work collaboratively with pediatric nursing leadership and staff as requested, providing liaison activities such as educational offerings, assistance with behavioral management of patients, and debriefings. The NP will also participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. Required: NYS RN license; Master's Degree in Psychiatric Mental Health Nursing, ANCC Certified or Board Eligible. New graduates are welcome to apply and further develop their practice within this highly experienced mentoring multidisciplinary team, including Board-Certified Child and Adolescent Psychiatrists, psychiatry residents and fellows.

Special Care Clinic Psychiatric Consultant - Psychiatric Nurse Practitioner (228750)

PT position available, 16 hrs/week.

NP primary role is consultant on behavioral health issues to members of the health care team in Special Care OB Clinic. This includes evaluating patients with current or previous history of behavioral disturbances including mental illnesses. The goal of the evaluation is to assist the health care providers in assuring that the patients receive needed behavioral interventions for successful pregnancy outcomes. A working knowledge of psychiatric medications is essential, specifically their use in pregnancy. Recommendations for medications can be made however it is at the discretion of the OB team who will be doing the prescribing. This may require the NP to assist in working with the non-OB prescriber. SCC functions as an interdisciplinary team (physicians, NPs, Social Workers, Dietician, clinic staff) so ability to work as an effective team member is required. The NP will also participate in the education of learners (students and new employees), using clinical learning experiences, knowledge sharing and skill training. The NP also provides ongoing education to residents about mental health issues both in clinic and if requested by MFM director, during resident education seminars. Qualifications: Requires a Master's Degree in Nursing- Psychiatric Mental Health Nurse Practitioner and ANCC board certification.
Available Positions
