How does it work?

The 100% in tuition coverage is supported by an academic-practice partnership between the University of Rochester Medical Center and School of Nursing. As a result, your tuition may be fully covered even if you have not met the service requirement for UR employee tuition benefits.

Tuition benefit-eligible?

Receive a 5-15% grant from the School of Nursing for two courses per semester to cover the remaining cost of tuition.

Not yet tuition benefit-eligible?

Receive a 100% grant from the School of Nursing for one course per semester, until you become eligible for tuition benefits.

"It's free tuition. That was a real advantage for me to pursue to become more competent at the bedside and with a higher level of care. It's a great opportunity."
