RE: ASHI Accreditation No. **12-1-NY-14-1**
 CLIA No. **33D0173384**
 UNOS No. **09NYFL**

Dear Dr. Coppage:

I have received and reviewed all of the materials sent to me by Maureen Miller, MT(ASCP), CHS, your ASHI Commissioner, in regards to your recent onsite inspection. I am in concurrence with the recommendations of your Commissioner that your laboratory has successfully demonstrated compliance with all mandatory ASHI Standards.

On the basis of the recommendations from your Commissioner, the Tissue Typing Laboratory of the University of Rochester Medical Center, 12-1-NY-14-1, under the direction of Myra Coppage, PhD, HCLD is granted accreditation for the following:

Areas of Accreditation:

- HSC/BM Transplantation: Related Donor
- HSC/BM Transplantation: Unrelated Donor
- Solid Organ Transplantation: Deceased Donor
- Solid Organ Transplantation: Live Donor
- Histocompatibility Testing For Other Clinical Purposes

Categories & Systems:

HLA Typing: Class I Molecular		HLA Antibody Detection CI: Complement Dependent Cytotoxicity
HLA Typing: Class II Molecular		HLA Antibody Detection: Solid Phase
		HLA Antibody Identification: Solid phase
		Crossmatching: Flow cytometry

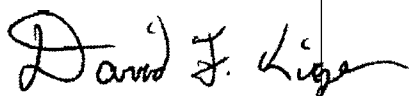

Accreditation for the above areas of accreditation, categories, and systems will be valid until 12/31/2021, pending successful completion of an interim, self-inspection cycle next year.

Your laboratory is accredited by ASHI for the following CMS subspecialties: Histocompatibility Testing.

You and your laboratory staff are to be commended for maintaining ASHI's high standards for laboratory performance and patient service.

Should you have any questions about the inspection or accreditation process, please contact the appropriate commissioner or the ASHI Accreditation Office at (651) 202-3637.

Sincerely,

A handwritten signature in black ink that reads "David J. Kiger". The signature is written in a cursive style with a large, prominent "D" and "K".

David Kiger, CHS
