LGBTQI Healthcare Across the Generations

A conference designed to increase the number of health professionals who have knowledge and skills in LGBTQI health and to deepen the understanding of those who already care for those in the LGBTQI community, increasing their ability to provide evidence-based and patient- and family-centered health care for the LGBTQI community.

Friday, April 24, 2015 · 7:30 AM – 4:30 PM
Class of ‘62 Auditorium / Flaum Atrium

Keynote Speakers:
