Embassy Suites, 200 Delaware Avenue, Buffalo, NY

CTSA Leadership Planning Retreat
March 10, 2016 – 8:30 A.M. to 5 P.M.
Embassy Suites, 200 Delaware Avenue, Buffalo, NY

The March 9th CTSA Forum will celebrate the first year of the CTSA progress/accomplishments and explore innovative translational science.

Featured Speakers
Satish K. Tripathi
President, University at Buffalo

Michael E. Cain, MD
Vice President for Health Sciences and Dean, Jacobs School of Medicine and Biomedical Sciences

Keynote Speaker
David S. Stephens, MD
Vice President for Research, Woodruff Health Sciences Center, Emory University
Principal Investigator
Atlanta Clinical and Translational Science Institute

The March 10 CTSA Leadership Planning Retreat will focus on:
1) team science and translational research, 2) activating the CTSA strategic plan (obstacles and solutions) and 3) communications regarding CTSA to/from our communities.

You will be offered an opportunity to complete an online survey in advance of the retreat. A consultant has been engaged to facilitate the day-long session which will include small group/report back sessions and next steps commitment to priorities.

Further details and registration information regarding both events will be provided in several weeks.

Research that will be reported in this forum$retreat is supported by the National Center for Advancing Translational Sciences of the National Institutes of Health under award Number UL1TR001412 and award Number KL2TR001413.
