1. Open TurningPoint. From the Dashboard, click on **Click to Connect**.

   a. Enter your username and password that you obtained through the Resource Scheduler in CEL (celresourcescheduler@urmc.rochester.edu)

   b. Choose Allow Guests

   c. Click Login
2. A window with the session ID will appear.

You can click \( \text{Close} \) to close the window with the Session ID. However, if you click \( \text{Logout} \), you will lose your session ID and will need to log back in to get a new session ID. The students will need to re-enter the new session ID to rejoin your session.

Give this session ID number to the students. They will need this number to join your Turning Point session.

You can bring the session ID number up anytime during the session from the polling menu bar. See next page.
3. Viewing your Session ID number after closing the session ID window.
   
a. The Session ID can be viewed in Edit mode as well as during the presentation.

   In edit mode, click ResponseWare from the floating Turning Point menu bar.

   Or

   During the presentation, click the hide/show connection icon.

   The session ID appears in a floating box.
