WILMOT
CANCER CENTER

A Year of Great Progress

Dear Friends and Supporters,

On behalf of the doctors, nurses, scientists, staff and patients of the James P. Wilmot Cancer Center, I want to thank the many people

who support us. It's impressive to see an ever increasing number of people, businesses and organizations who support our growth as we pursue our goal of being one of the top cancer centers in the nation.

We've had a great year of progress:

We opened our new Wilmot Cancer Center facility, providing our patients the most comfortable environment for state-of-the-art multidisciplinary cancer care and bringing our scientists together with our clinicians to advance translational research.

Thanks to our generous donors, we met our goal of raising \$42.5 million to support our expansion and new building construction. We earned a prestigious National Cancer Institute grant of \$11.5 million to pursue

lymphoma translational research. This Special Program of Research Excellence grant is only awarded to the top institutions around the country who lead research for tomorrow.

We have many talented physicians and scientists working together to find cures. Every day they make progress. And it's because of you, our supporters, we are able to make many of the advances for which we take pride.

Thank you for your joining the Wilmot Cancer Center in our fight against cancer. Together, we can ensure that "The Cure Starts Here."

Warmest regards,

Richard I. Fisher, M.D.

The James P. Wilmot Cancer Center's physicians, researchers, technicians, nurses, social workers, and staff would like to thank the individuals, businesses and organizations that show an outstanding commitment to conquering cancer through generous gifts of time, talents and treasures. This report lists donors who contributed gifts of \$100 or more from July 1, 2007 to June 30, 2008.

Although all gifts are greatly appreciated, due to space and budget limitations, we are unable to list the donors who contributed less than \$100 during this time period, unless it was received as a gift in memory or honor of an individual.

Every effort has been made to ensure the accuracy of this report. If your name or any other information has been listed incorrectly, we apologize and ask that you call Karen Humbert, assistant director, Office of Advancement, at (585) 276-4717, to correct misinformation.

Wilmot Cancer Center's research into better treatments for lung cancer got a boost April 12 when more than 800 runners helped raise \$57,000 during Meaghan's Run in Webster. Gail Wagner organized the event in honor of Meaghan Latone, a young, non-smoker who was diagnosed with lung cancer. Sadly, she died Aug. 16.
