## *Visiting Professor*

### **“Radiation Dose and Radiation Risk in Perspective”**

**Presented by**

**Bennett S. Greenspan, MD, MS**

Assistant Professor of Radiology, Division of Nuclear Medicine, and  
Division of Diagnostic Radiology, Section of Musculoskeletal Radiology  
Mallinckrodt Institute of Radiology, St. Louis, MO

**Tuesday, May 8, 2012**

**11:45 AM - 1:20 PM**

Bennett S. (Ben) Greenspan, M.D., M.S. is a member of the faculty of the Mallinckrodt Institute of Radiology of Washington University School of Medicine in St. Louis, MO. He received his M.D. degree from the University of Illinois in Chicago. He was a resident in Diagnostic Radiology at the West Los Angeles V.A. Medical Center, and a resident in Nuclear Medicine at the Sepulveda V.A. Medical Center, both UCLA affiliates. He also received his M.S. degree at UCLA in Medical Physics. He is certified in Diagnostic Radiology and Nuclear Radiology by the American Board of Radiology and in Nuclear Medicine by the American Board of Nuclear Medicine. He is a Fellow of the American College of Nuclear Physicians (ACNP), American College of Radiology (ACR), and the American College of Nuclear Medicine (ACNM). He serves as an oral board examiner for the ABR and an item writer for the ABR and ACR. He serves on the Accreditation committee for Medical Physics graduate programs and is a reviewer for quality assurance in Nuclear Medicine for the ACR. He has been an active member of SNM for over 20 years, and serves on numerous committees and task forces of the SNM and ACNP. His research interests include PET imaging in oncology, and he is also devoted to teaching of clinical nuclear medicine and also physics of nuclear medicine to nuclear medicine and radiology residents.
