Resident Spotlight:

www.plccare.org

◆ *Dr. Andrew Sherman* is a 3rd year pediatric resident who is one of the co-founders of a non-profit organization called NETLIFE . The goal of this program is to distribute insecticide-treated bed nets in Africa. Insecticide treated bed nets are an evidence-based method for preventing malaria, which is one of the deadliest diseases in the world. Dr. Sherman founded the organization along with a classmate in medical school. As a CARE resident, he has been able to take his organization to the next level by appointing a board of directors and revamping the website. Netlife distributed 50,000 nets in 2010, to a malaria-endemic region of Senegal. Please visit the Netlife website if you would like to volunteer or make a donation, <http://www.netlifeafrica.org/>

In the News:

CARE residents *Rebecca Pratt* and *Elizabeth Diekroger* were part of a group who served an early Thanksgiving Dinner to the underserved as a part of the annual Rosa Wims free Veterans' Day feast! <http://cityliving.whec.com/content/mother-rosa-holds-last-free-pre-thanksgiving-dinner>

Announcements:

◆ **Save the Date:** The PLC Program will be hosting *Dr. William Cala* for our 11th Annual Anne E. Dyson Memorial Grand Rounds at 8:00 am on Wednesday, March 9th in the Class of '62 Auditorium at the Golisano Children's Hospital. Following Grand Rounds, there will be an informal reception and brunch with residents, PLC faculty and staff, and other invited community leaders in the Sarah Flaum Atrium just outside of the lecture hall. During the reception pediatric CARE residents will be presenting their community projects as part of a poster session. Everyone is welcome to attend.

◆ **Free:** Several used color inkjet printers available in the PLC University Office. Call 273-5942 for more information if you are interested.
