OB/GYN Nursing

3-1200 - High Risk Antepartum/Postpartum - Registered Nurse-Level II (209537)

FT position available, D/N, 8 & 12 hour shifts, holidays, and weekends per unit policy

Available Positions

Provide direct care to high-risk antepartum and postpartum women with medically or obstetrically complicated pregnancies. Collaborate with physicians, nurse midwives and social workers to provide the highest quality care to the high risk patient population. Demonstrate good communication skills and the ability to prioritize and problem solve. In addition to the primary position to this unit, employees are oriented and trained to various competencies/modes of care across the OB service. Floating among the units in order to meet variable needs of volume and acuity is an ongoing expectation of all OB/GYN nurses. 2-3 years of RN experience required, OB experience helpful but not necessary.

3-1600/3-3600 Birth Center - Registered Nurse-Level II (208144)

FT position available (36 hours). D/N, 8 & 12 hour shifts, holidays and weekends per unit policy. On-call responsibilities which include availability to arrive to unit within 40 minutes for predetermined, self-scheduled shifts.

This position focuses on care of low to moderate risk women and healthy newborns, with an emphasis on education and impassioned support of the mother-baby dyad. Collaborate with physicians, nurse practitioners, lactation consultants, fellow nurses, and social workers to provide the highest quality care in a culture of teamwork that values integrity, compassion, accountability, respect and excellence. Expectation is to provide patient and family centered care ALWAYS, especially in challenging situations. Excellent communication skills, ability to prioritize and problem solve, comfort with electronic computer systems, and an aptitude for quick learning are required. OB experience is preferred, but will consider applicants that can speak to a passion for obstetrics. Orientation to all OB service units, will occur, in order to provide on-going cross unit flexibility at all times..

Pediatric Nursing

6 North - Pediatric Intensive Care Unit (PICU) - Registered Nurse-Level II (209443)

FT positions available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit standard.

The Pediatric Intensive Care Unit (PICU) seeks motivated individuals with a passion for caring for critically ill children and their families. The ideal candidates demonstrate critical thinking, ability to adapt in a rapidly changing patient population, and exceptional communication with patients, families and colleagues from all disciplines. The PICU nurse will become an expert at providing care to a wide variety of patient conditions from infancy to adolescence. Diagnoses include, but are not limited to, complex medical conditions (respiratory failure, sepsis, and multisystem organ dysfunction), pre and post operative conditions, multiple trauma including neurologic compromise, as well as children needing acute management of chronic illnesses. The PICU nurse balances the high technologic needs of critically ill patients with the holistic needs of children and their families.
