Clinical Research Center G-5035 - Registered Nurse-Level II (219436)

FT and per deim position available, primarily days as well as D/E/N, 8 and 12 hour shifts, weekends and holidays per unit policy

Clinical Research Center serves both inpatients and outpatients. Two years minimum as an RN in either Med/Surg or Pediatric acute care required. IV and phlebotomy skills preferred. Demonstrates flexibility, commitment to teamwork, excellent communication and organizational skills. Position requires attention to detail.

OB/GYN Nursing

31600/33600 - Birth Center - Registered Nurse - Level II (219387)

FT position available (36 hours). D/N, 8 &12 hour shifts, holidays and weekends per unit policy. On-call responsibilities which include availability to arrive to unit within 40 minutes for predetermined, self-scheduled shifts.

This position focuses on care of low to moderate risk women and healthy newborns, with an emphasis on education and impassioned support of the mother-baby dyad. Collaborate with physicians, nurse practitioners, lactation consultants, fellow nurses, and social workers to provide the highest quality care in a culture of teamwork that values integrity, compassion, accountability, respect and excellence. Expectation is to provide patient and family centered care ALWAYS, especially in challenging situations. Excellent communication skills, ability to prioritize and problem solve, comfort with electronic computer systems, and an aptitude for quick learning are required. OB experience is preferred, but will consider applicants that can speak to a passion for obstetrics. Orientation to all OB service units, will occur, in order to provide on–going cross unit flexibility at all times.

Pediatric Nursing

8 North - Pediatric General Care - Registered Nurse-Level I - II (220058)

FT position available, D/E/N, 8 & 12 hour shifts, weekends and holidays per unit policy

Become part of a nursing team dedicated to the care of children in a mixed unit caring for children on the pulmonary, burn/trauma, and hospitalist services. Leading care of the pediatric patient/family is a challenging, fast paced environment and requires strong organizational, time management, and critical thinking skills. The nursing staff has developed diverse competencies. Nurses function as an important member of the pediatric interdisciplinary team. Pediatric and/or acute care experience preferred. Commitment to customer focused, family centered care.
Available Positions

**Pediatric Emergency Department (Peds ED) - Registered Nurse - Level II (220106)**

FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

The Peds ED offers family centered care to those under the age of 19, seeking care for urgent and emergent issues. The unit is comprised of 18 general care beds, 1 critical care bed, 4 urgent care beds and the use of the 7 bed trauma bay which we share with the adult ED. The tertiary care offered at GCHaS has a complex case mix. From treat and release to acute critical care/trauma the staff are trained to function in a fast paced and challenging environment. Minimum of one year experience in pediatric acute care or ED experience. Provide direct care to pediatric patients/families in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

**Pediatric Nephrology - Registered Nurse-Level III (218497)**

Part time (daytime) position available (20hr/week). Schedule would be 8:30 am – 5:00 pm on Tuesday and Thursday and one 4 hour day of your choice. However, some schedule flexibility would be needed for training purposes initially.

Work collaboratively with pediatric RN, NP, SW, RD and physicians to provide compassionate and quality care to pediatric nephrology patients. The majority of your daily responsibilities would include phone communication and triage: specifically communicating with families about lab results, medication changes, any updates from providers, and illness concerns. Other daily tasks would include referral review for prospective new patients, communication with patient schools and primary care providers, and close tracking of our kidney transplant population. Some clinic/inpatient time may be needed to help facilitate 24-hour blood pressure monitor placement and education for families on how to check urines at home. Position requires strong assessment, interpersonal and communication skills. Requires an RN with current NYS license. Previous pediatric experience desirable.

**Pediatric Surgical Suite - Registered Nurse-Level II (216442)**

FT/PT positions available, D/E/N, 8 and 10 shifts, week-end, holiday and on-call responsibilities.

Opportunity to work in a family oriented pediatric surgery center with in-patients and out-patients. Pediatric, PACU, PICU, Med/Surg, and/or critical care experience preferred. In this fast paced and challenging unit, RN's work together as a team in the variable settings of Preanesthesia, PACU, and Post-operative Discharge. Demonstrates flexibility with scheduling to meet unit needs.

**Perioperative Nursing**

**2nd Floor - Operating Room Ophthalmology Team - Registered Nurse-Level I - II (214045)**

FT position available. Primarily Day/Evening, 8 & 10 hour shifts, on-call responsibilities-evenings/weekends/holidays.

A great opportunity for highly motivated RNs in a busy ophthalmology service. The practice specializes in cataracts, retinal, glaucoma, corneal transplants, and oculoplastics. Flexible self scheduling will be available after orientation requirements are
Available Positions

met and applicant has successfully joined the ophthalmology team. Call responsibilities shared by nursing team members for only ophthalmology. No OR experience required. Using a multidisciplinary approach, the OR staff cares for patients of all ages. Requires a nursing degree from an accredited Nursing Program and an active New York State RN license in good standing.

Candidate must demonstrate flexibility and adapts to changes in work environment, demonstrate excellence in customer service, possess strong computer skills, and be highly motivated to see projects to completion while practicing the ICARE and PFCC values.

Strong Memorial Hospital

Clinical Resource Nurse (219688)

Position Summary: Responsible for identifying, establishing and maintaining relationships with affiliated referring hospitals, staff, Emergency Medical Service agencies and communities throughout our region. Participates in Trauma case review while assisting with standardization of trauma practice guidelines for all services. Assists with development and implementation of all trauma projects involving pediatric, adolescents, adults, and geriatrics. Planning and coordination of trauma injury prevention activities for assigned services. Coordinates data collection/reporting in collaboration with Trauma Registrars. This role will require additional responsibilities related to promotion of trauma standards of care according to nationally accepted American College of Surgeon's (ACS) guidelines. Responsibilities: Collaborates with the trauma program manager regarding the clinical and administrative activities necessary to ensure successful verification by the American College of Surgeons for level I Trauma Center. Assists in the preparation for the American College of Surgeons site visit and the State of New York designation process. Develops public awareness for and presents and coordinates education programs on injury prevention for communities. Remains current in injury control issues and methodology by participating in programs offered by the Injury Prevention Research Center, the Center of Disease Control, and the American Trauma Society. Collaborates with existing national, regional, state and local injury prevention programs. Works closely with Trauma Registrars to identify the assessment and evaluation of injury prevention needs, trends in trauma care delivery and patient outcomes for the region. Participates in presentation and publication of trauma injury prevention data. Collaborates with physicians and interdisciplinary teams to plan, coordinate, implement and evaluate patient care for assigned adult and pediatric injury prevention activities. Development and implementation of injury prevention programs for nursing, residents, other staff members as well as within the community. Participates in trauma research and quality improvement activities of the trauma program. Development of quarterly newsletter that includes a variety of initiatives to improve the quality of care for the severely injured patient population. Develops and assist with the outreach effort to enhance relationships with referring hospitals, I SI responders, EMS providers and the service community. Assist with development and implementation of training and education programs with the burn/trauma/disaster program managers in topics such as ATCN/ATLS, mass
Available Positions

casualty incidents, disaster triage, and management of the burn/trauma patient. Deliver presentations and project findings to interested groups, such as healthcare providers, providers, pre-hospital staff. Assist with coordination of division involvement in meetings, forums, training sessions and conferences, as needed. Assist with data reporting in collaboration with Trauma Registrars to include routine reporting of data collected from the hospital databases, National Trauma Data Base, and NTRACS. Assist with data collection of area community hospitals in the Finger Lakes Region in collaboration with all registrars and data collectors inside the entire Finger Lakes Region. Qualifications: Individual must be a graduate of accredited school of nursing and currently licensed in NY State as a registered nurse with minimum of 2-3 years clinical experience in trauma patient care, including experience in emergency or critical care nursing. Demonstrate knowledge in the practice of trauma care and injury prevention with considerable knowledge of the diverse multidisciplinary resources available in a Level I Trauma Center and possess a basic understanding of research methodology. Knowledge of the state's emergency medical services system and trauma system design is important but can be acquired after appointed to the position. Self directed and resourceful in problem solving, critical thinking. Effectively handle multiple priorities. Experience in developing, implementing and evaluating the effectiveness of community benefit programs. Strong organizational and planning skills. Basic graphic design principles. Basic desktop publishing techniques. Basic Microsoft Office knowledge. Fascile with data reporting/Excel report writing. Effective time management skills. Knowledge of communication theory and public relation techniques.

Wilmot Cancer Nursing Services

4-1200 - Palliative Care/General Medicine - Asst Nurse Manager - Level IV (220139)

FT position available, 8 & 12 hour shifts, weekends and occasional holidays, with on call responsibilities for weekends, off-shifts and holidays.

4-1200 nurses provide expert care of patients requiring acute symptom management and end-of-life care as part of an interdisciplinary team. Candidate will demonstrate the leadership abilities and communication skills needed to assist with day to day unit operation. Duties also include role of Unit Regulatory Champion. Prefer BS degree and/or CHPN certification, recent acute care experience, and experience in Palliative Care.

Wilmot Cancer Institute - Infusion Center - Asst Nurse Manager (220147)

FT position available, primarily days.

Recent acute care and Hematology-Oncology experience. Demonstrates ability to function in a leadership role. Physician Assistant-Completes an AMA approved Physician Assistant Program, NYS licensure and National Certification.

**Outpatient Infectious Diseases - Nurse Practitioner/Physician Assistant (219971)**

Full Time position available (40 hours per week)

Join our 'Outpatient Antibiotic Therapy' (OPAT) team to provide care for patients on parenteral antibiotic therapy. The OPAT APP will work in collaboration with Infectious Disease physicians to manage the transition of care into the outpatient setting as well as the ongoing management of these patients in the Infectious Diseases Ambulatory Clinic. The OPAT APP will work closely with each patient's ID physician, an OPAT RN Coordinator, discharge coordinators, vascular access services, home infusion pharmacies, visiting nurses, and other medical/surgical specialists throughout the course of the patients' required treatment. The ideal candidate must be able to work both independently and as part of a team. In addition, experience in infusion and home health care is preferred. The candidate must be a licensed or eligible NYS NP or PA. An individual with experience and interest in managing infectious diseases is preferred. There are many opportunities for learning including weekly clinical care conferences, bi-weekly journal club, and monthly staff meetings. Involvement in research, committees, and developing and maintaining policies and procedures is encouraged.

**Plastic Surgery - Nurse Practitioner / Physician Assistant (219929)**

FT position available. Day time hours, Monday through Friday, with some flexibility based on patient need.

Exciting opportunity to grown in your role – working with a busy plastic surgery practice with four full time faculty members. Will work with each of the faculty members in the outpatient environment, focusing on delivery of patient care including assessment and planning, care coordination, follow-up visits, telephone management and patient education. Will round with the team on inpatients and will prepare these patients for discharge. Will supervise an expert RN who currently works with the practice. Five years of Med/Surg nursing experience required. NP experience preferred. Must be NYS eligible to be licensed as a NP.

**Cancer Center**

**Cancer Center - Benign Hematology and Apheresis - Nurse Practitioner/Physician Assistant (219143)**

FT position available, M-F, daytime hours; 4, 10 hours possible

This is an opportunity for a motivated APP to join the growing Benign Hematology Team at the Wilmot Cancer Institute. Responsibilities include evaluation and management of acute illness and chronic symptom management, follow-up, coordination of services, and family education. This role will also include working with a team of dedicated apheresis nurses and nurse managers in the management of patients during their apheresis procedures including stem cell collection.
Available Positions

Excellent communication skills with proven ability in exercising independent judgment and initiative. Must be NYS eligible for NP/PA certification.

**Sands Infusion Center within Thompson Hospital - Nurse Practitioner/Physician Assistant (219425)**

Full Time position available. Monday through Friday, primarily daytime hours

Exciting opportunity for Advanced Practice Provider to join our Wilmot team in Canandaigua, NY. With a growing need for referral infusions in our community, Wilmot has expanded our services at our Sands Cancer Center to provide referral infusions. This person will work closely alongside the oncology nursing team and our regional Wilmot offices.

Responsibilities include supporting referring offices to optimize order entry and navigating the standardized referral process. This process frequently involves discussions between networking with referring practices in the community. The role is ideal for someone who is self-directed, has experience with working with teams, and has a proven ability to exercise independent judgement. This role supervises patients in the 3-chair infusion center and acts as an administrative leader in optimizing the referral practice across our sites. Must be NYS eligible for NP/PA certification.

**Wilmot Cancer Institute APP Fellowship - Nurse Practitioner / Physician Assistant (219455)**

FT position available, D/N rotation, 8-12 hour shifts, weekends and holidays as needed

The APP Fellowship Program in the Wilmot Cancer Institute is a 1-year postgraduate specialty training for nurse practitioners and physician assistants. The intensive clinical fellowship program includes a core program of cancer care in either of two specialty tracks: hematology or solid oncology with rotations through ambulatory and inpatient services. In addition, several specialty rotations to enhance the oncology provider education are included: radiation oncology, palliative care, medical marijuana, and hereditary cancer screening. Training methods include clinical immersion, didactic lectures, and on-line training modules. Qualifications: Nurse Practitioners require a Master’s degree in Nursing, an active NYS licensure in good standing, and eligible for national certification. Physician Assistants require completion of an AMA approved Physician Assistant program, NYS licensure in good standing, and eligible national certification as a Registered Physician Assistant.

**Wilmot Cancer Institute GU, Ambulatory - Nurse Practitioner/Physician Assistant (220014)**

Full Time position available, daytime hours, Monday through Friday, 4, 10 hour shifts

Great opportunity to work as part of an interdisciplinary team in providing care to oncology patients in the Wilmot Cancer Institute, specifically with a focus on patients with Genitourinary (GU) cancer (prostate, bladder, kidney, and testicular cancers). Responsibilities include direct patient care including evaluation and management of acute illness and chronic symptom management, chemotherapy ordering, diagnostic test interpretation, coordination of services, and patient and family education. Will be working collaboratively with the GU multidisciplinary team. Involvement in clinical trial accrual. Excellent communication skills with proven ability in exercising independent judgment and initiative. Must be NYS eligible for NP/PA certification.
Available Positions

Cardiovascular Center

**Advanced Heart Failure Program- Post Transplant Nurse Practitioner/Physician Assistant (218012)**

Full time position available, primarily days; weekends & holiday on call responsibility as per program policy.

In collaboration with a multidisciplinary team of care providers, the APP participates in the clinical evaluation of heart failure, ventricular assist device and transplant candidates. Provides medical management and care coordination for patients that have received a heart transplant. Develops and presents educational programs for potential and actual recipients. Assists in the development of clinical practice guidelines and participates in program related quality assurance/performance improvement activities. The APP will also participate in professional activities related to staff education on the topics of heart failure and heart transplantation. Master's degree and license as an NP required. Must be NYS NP licensed (or eligible), MS degree, and 3-5 years' APP experience preferred.
