Pediatric Nursing

6 North - Pediatric Intensive Care Unit (PICU) - Registered Nurse-Level II (217730)

FT positions available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit standard.

The Pediatric Intensive Care Unit (PICU) seeks motivated individuals with a passion for caring for critically ill children and their families. The ideal candidates demonstrate critical thinking, ability to adapt in a rapidly changing patient population, and exceptional communication with patients, families and colleagues from all disciplines. The PICU nurse will become an expert at providing care to a wide variety of patient conditions from infancy to adolescence. Diagnoses include, but are not limited to, complex medical conditions (respiratory failure, sepsis, and multisystem organ dysfunction), pre and post operative conditions, multiple trauma including neurologic compromise, as well as children needing acute management of chronic illnesses. The PICU nurse balances the high technologic needs of critically ill patients with the holistic needs of children and their families.

Department of Pediatric Allergy and Immunology - Registered Nurse-Level II (218209)

PT (20hrs) position available; mostly days

The Department of Pediatric Allergy is seeking a team oriented yet independent pediatric nurse to work within our multidisciplinary team to provide patient and family centered outpatient care. This position involves nursing care in clinic that will include patient monitoring and assessment while administering allergy shots, allergy testing, oral food/drug challenges, and food allergy trials as well as other clinic/patient support duties. When not in clinic this position will provide telephone triage/management to support the care of the patients seen by The Division of Pediatric Allergy. Nurses must have 3-5 years
Available Positions

pediatric nursing experience as well as excellent problem solving, prioritization and communication skills. Must be able to use independent judgment skills within the support of the multidisciplinary team. Telephone Triage and phlebotomy skills preferred but not required.

**Division of Child Neurology - Registered Nurse-Level II (217054)**

Full Time- 40 hours, days, Monday-Friday, 8:00 am-4:30 pm

The division of Child Neurology is seeking an enthusiastic, independent nurse to join a team-based outpatient practice. The position requires attention to detail and a compassionate and caring nature. Duties include telephone triage, prescription management and referral review. The Child Neurology team is a cohesive group that manages the care of children with seizures, headaches, tics, cerebral palsy and other neurologic diagnoses. Nurses must have at least 2 years of nursing experience as well as excellent problem solving, prioritization and communication skills.

**Pediatric Emergency Department (Peds ED) - Registered Nurse - Level II (211628)**

FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

The Peds ED offers family centered care to those under the age of 19, seeking care for urgent and emergent issues. The unit is comprised of 18 general care beds, 1 critical care bed, 4 urgent care beds and the use of the 7 bed trauma bay which we share with the adult ED. The tertiary care offered at GCHaS has a complex case mix. From treat and release to acute critical care/trauma the staff are trained to function in a fast paced and challenging environment. Minimum of one year experience in pediatric acute care or ED experience. Provide direct care to pediatric patients/families in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

**Pediatric Endocrinology - Registered Nurse-Level II (218210)**

Full time (40hrs) position available; mostly days

The Division of Pediatric Endocrinology is seeking an autonomous, yet team oriented pediatric nurse to work within our multidisciplinary team to provide patient and family centered care. This is a fast-paced outpatient division that provides care to children with Endocrine based disease processes. Nurses work collaboratively with NPs, MDs, and other members of the team to provide comprehensive care involving telephone triage and care management, as well as phone-based patient education and family support. Nurses must have 2-4 years pediatric nursing experience as well as excellent problem solving, prioritization and communication skills. Must be able to use independent judgment with the support of the NP and MD team. Telephone Triage skills and knowledge about Diabetes preferred but not required. Spanish language fluency preferred but not required. Diverse applicants encouraged to apply.

**Pediatric Imaging Sciences - Golisano Children's Hospital - Registered Nurse-Level II (216390)**

FT position available, D/E/N with primarily D/E, staggered 8/10/12 hour shifts, minimal weekend or holiday responsibilities.
Available Positions

This unique unit seeks passionate and motivated individuals to care for a wide variety of inpatients and outpatients across the pediatric age spectrum undergoing diagnostic CT, MRI, PET MRI, Ultrasound, and GI/GU imaging. Population also includes sedated procedures, including pre and post/minimal to deep sedation and general anesthesia for IR and MRI. Although predominately pediatric, this area also cares for adult patients undergoing cardiac CT, MRI and PET/MRI. Must be flexible and able to adapt/prioritize readily to changing responsibilities in a fast paced environment. Strong assessment, excellent communication and good IV skills are essential. Expectation is to provide high quality patient and family centered care, especially in challenging situations. 2-3 years of acute pediatric or mixed adult/pediatric experience required. Radiology, Pediatric Critical Care, Pediatric PACU or Pediatric ED experience preferred. PALS & ACLS certification required within 1 year of hire.

**Pediatric Nephrology - Registered Nurse-Level III (218497)**

Part time (daytime) position available (20hr/week). Schedule would be 8:30 am – 5:00 pm on Tuesday and Thursday and one 4 hour day of your choice. However, some schedule flexibility would be needed for training purposes initially.

Work collaboratively with pediatric RN, NP, SW, RD and physicians to provide compassionate and quality care to pediatric nephrology patients. The majority of your daily responsibilities would include phone communication and triage: specifically communicating with families about lab results, medication changes, any updates from providers, and illness concerns. Other daily tasks would include referral review for prospective new patients, communication with patient schools and primary care providers, and close tracking of our kidney transplant population. Some clinic/inpatient time may be needed to help facilitate 24-hour blood pressure monitor placement and education for families on how to check urines at home. Position requires strong assessment, interpersonal and communication skills. Requires an RN with current NYS license. Previous pediatric experience desirable.

**Pediatric Specialty Nurse for the Division of Developmental and Behavioral Pediatrics (DBP) - Registered Nurse-Level II (217646)**

PT (20hr) position available; mostly days

The Clinical Services of DBP are seeking an autonomous, yet team oriented pediatric nurse to work within our multidisciplinary team to provide patient and family centered care. This is a fast-paced outpatient program providing care to children with intellectual and developmental disabilities. This position involves telephone triage and care management, as well as phone-based patient education and family support to families receiving care through DBP. RNs work collaboratively with NPs, MDs, psychologists and others on the DBP team. Nurses must have 3-5 years pediatric or Behavioral Health nursing experience as well as excellent problem solving, prioritization and communication skills. Must be able to use independent judgment with the support of the NP team. Telephone Triage skills and disability knowledge preferred but not required. Spanish language fluency preferred but not required. Diverse applicants encouraged to apply.

**Pediatric Surgical Suite - Registered Nurse-Level II (216442)**

FT/PT positions available, D/E/N, 8 and 10 shifts, week-end, holiday and on-call responsibilities.
Available Positions

Opportunity to work in a family oriented pediatric surgery center with in-patients and out-patients. Pediatric, PACU, PICU, Med/Surg, and/or critical care experience preferred. In this fast paced and challenging unit, RN's work together as a team in the variable settings of Preanesthesia, PACU, and Post-operative Discharge. Demonstrates flexibility with scheduling to meet unit needs.

**Pediatric Transport Nurse - Registered Nurse-Level III (211410)**

FT positions available (36 hours), D/N – 12 hour shifts. Rotating holiday requirements, occasional on-call responsibilities.

The Pediatric Transport Team is seeking experienced critical care nurses for the role of pediatric transport nurse. The Pediatric Transport Program transports critically ill children from outlying hospitals in the Upstate NY region to Golisano Children's Hospital at URMC via ambulance, rotary, and fixed wing aircraft. In addition, the transport nurse is an expert resource for the entire pediatric service and is essential in the following: Rapid Response Team, Pediatric Code Team, procedural sedation, advanced IV access, intra-facility transport of critically ill patients, and pediatric trauma response. As a member of the pediatric critical care team, the transport nurse initiates and participates in ongoing staff education, performance/quality improvement, and organizational activities that contribute to improving patient care and safety. The ideal candidate will have a minimum of three years pediatric critical care experience; combined relevant experience will be considered.

**Perioperative Nursing**

**2nd Floor - Operating Room Ophthalmology Team - Registered Nurse-Level I - II (214045)**

FT position available. Primarily Day/Evening, 8 & 10 hour shifts, on-call responsibilities—evenings/weekends/holidays.

A great opportunity for highly motivated RNs in a busy ophthalmology service. The practice specializes in cataracts, retinal, glaucoma, corneal transplants, and oculoplastics. Flexible self scheduling will be available after orientation requirements are met and applicant has successfully joined the ophthalmology team. Call responsibilities shared by nursing team members for only ophthalmology. No OR experience required. Using a multidisciplinary approach, the OR staff cares for patients of all ages. Requires a nursing degree from an accredited Nursing Program and an active New York State RN license in good standing.

**2nd Floor PACU/SSC - Registered Nurse Level II (218235)**

FT position available, primarily days, M – F, Occasional early evenings.

An exciting opportunity to work in a growing surgical center providing care for a diverse surgical population. RN with at least 1 – 2 years of clinical experience, surgical and pediatric experience preferred. Candidate will rotate between all phases of peri-anesthesia care. Must possess excellent communication skills, strong critical thinking skills and the ability to work independently as well as within a team. During low census, candidate may be required to float to other peri-anesthesia areas.
Available Positions

Available Positions

Standing. Excellent clinical, organizational, and communication skills required. NYS eligible as a Nurse Practitioner. Prefer experience with the management of targeted patient population and development of care protocols. Bilingual in English/Spanish is also preferred. BLS required.

**Thoracic-Foregut Surgery - Nurse Practitioner / Physician Assistant (216496)**

FT position primarily days with some weekend responsibilities

Exciting new opportunity for an expanding practice. Thoracic surgery encompasses surgery on the chest wall and organs contained within the thoracic cavity. Foregut Surgery addresses problems in the esophagus, stomach, and proximal intestine. It is a diverse population and is an amazing opportunity for an APP that wants to work within a truly collaborative environment, caring for a wide variety of patients from reflux disease to oncology needs. We are seeking an energetic APP to help cultivate clinical and procedural skills, examples include but are not limited to providing and facilitation of care through broader access, surgical candidacy, survivorship clinics, acute surgical clinics, feeding tube management, drain management, and chemical decortication. We have a unique care and delivery model that requires expert practice for both acute hospitalized patients, post-surgical, oncology surveillance and survivorship. We have a dedicated orientation process that is tailored to meet the individual needs of the APP, that includes 1:1 time routinely with our Attending’s for case and radiology review. Take advantage of our shadow opportunity to truly get a feel of our team. New graduates welcomed.

**Cancer Center**

**Lymphoma - Wilmot Cancer Institute - Nurse Practitioner/Physician Assistant (218465)**

Full Time position available. Monday through Friday, primarily daytime hours

This is an opportunity for an APP to join the interdisciplinary team at the Wilmot Cancer Institute in providing care to patients with lymphoma. The team seeks a good decision-maker, with proven success at making timely decisions. This person must be able to work effectively in a fast-paced outpatient environment dealing with a wide range of diseases. Must be adept at planning and prioritizing work. Must be flexible in their approach and demeanor in order to align with the shifting demands of evolving circumstances. Responsibilities include evaluation and management of acute illness, chronic symptom management, acute and long term follow-ups, coordination of services, and patient and family education. This opportunity also includes the development of proficiencies in procedures such as bone marrow biopsy, and the development of expertise in chemotherapy administration and clinical trial enrollment. Excellent organizational and team skills are essential. Must be NYS eligible for NP certification.

**Pluta Cancer Center - Nurse Practitioner/Physician Assistant (218503)**

Full Time position available, Monday through Friday, primarily daytime hours, 4,10’s possible

Great opportunity to work as part of an interdisciplinary team at the Pluta Cancer Center, a division of the Wilmot Cancer Institute, specifically providing care to patients with breast cancer. Direct patient care responsibilities include evaluation and management of acute illness and chronic symptom management, surveillance and survivorship follow-up, coordination of
Available Positions

services, and family education. The advanced practice provider will be working closely with the breast medical oncology team, multidisciplinary breast team, and involvement in clinical trial accrual. This opportunity also includes the development of expertise in chemotherapy administration and clinical trial enrollment. Excellent communication skills are essential with proven ability in exercising independent judgment and initiative. The candidate must be NYS eligible for NP or PA certification.

Cardiovascular Center

**42800 - Cardiovascular ICU - Nurse Practitioner/Physician Assistant (218032)**

FT position available, D/E/N, 13 hour shifts, weekends & holidays per unit policy.

Exciting opportunity to work in a well-established practice. Responsibilities include direct care for patients undergoing cardiac surgical procedures. Direct care responsibilities include admission work-ups, daily management (including procedures and transfer/discharge). Project Nurse (208813)

8 AM-4:30 PM

Overview: The University of Rochester offers a world-class Executive Patient Services program which includes the departments of Special Patient Services and Executive Health. These medical concierge and executive physical programs provide enhanced customer service to the University of Rochester's major donors, identified prospective donors, and corporate clients and offers best-in-class preventive health assessments. The programs provide these individuals and their families with high-touch service under a "one call does it all" access program. The primary program objectives are: To provide a comprehensive, outstanding Executive Health physical program to existing and companies, new companies, and individual executive clients. To further strengthen existing relationships between the University and its major donors and corporations. To establish and strengthen relationships with newly identified companies and prospects for the University.

Specific Responsibilities: Collaborates cohesively with all members of the Executive Health team to organize and smoothly facilitate the Executive Health physical program. Including, but not limited to, gathering medical health history, telephone interviews, scheduling consultations with faculty members, and assisting with the executive physical. Actively participating in delivering the highest quality executive patient care including exercise tolerance testing, EKG, pulmonary function testing, vision and hearing screening and other tasks as required. Works closely with department chairs, physicians, and staff to facilitate inpatient and outpatient visits for our existing donors and corporate partners. Documents patient encounters and progress through the Executive Patient Services process, act as a liaison between Advancement gift officers, Executive Patient Services staff and donors. Provides outstanding communication and stewardship with University of Rochester donors and corporate partners. Anticipates the need for appropriate materials for the Executive Director for effective decision making and preparation for meetings and lunches. Proactively prepares and compiles background information needed in preparation for meetings, events and activities. Arranges follow-up meetings, correspondence, and activities as it relates to patient stewardship, cultivation and relationship building. Follows all HIP AA regulations and ensures compliance throughout the implementation, evaluation, and continuance of the program. Provides program coverage both during business hours and after hours via the 24/7 on call answering service. Other duties as required by the Chief Medical Officer and the Executive Director of Executive Patient Services. Requirements: Registered Nurse with current NY State license and a minimum of 5 years of nursing experience. Master's degree preferred, ideally as a NYS licensed Nurse Practitioner or Physician Assistant. Embraces the importance of patient satisfaction and patient-centered care. Must have experience collaborating and building consensus among diverse constituencies; excellent organizational and communication skills are required. Ability to work with a high level of confidentiality is imperative. Previous experience interacting with patients is required. Ability to think creatively is a plus.
