Pediatric Nursing

6 North - Pediatric Intensive Care Unit - Care Coordinator - Registered Nurse-Level III (218778)

FT position, 40 hours, primarily D/E, split care coordination and clinical time

Challenging clinical opportunity for a highly motivated and well-organized individual to facilitate care of complex pediatric patients during the hospitalization and in transition from hospital to home. Accountabilities include functioning as a liaison with the varied interdisciplinary teams to formulate safe discharge plans with family, policy revision and development, education on the unit and service level, and evidence based performance improvement endeavors. Significant opportunity to partner with adult ICU as well as community resources to meet family needs. Excellent interpersonal, communication and problem solving skills are necessary with staff, families, and interdisciplinary team members, as there will be opportunities to represent the PICU on service and hospital based committees. Flexibility in schedule as needed for optimal coordination of care. BSN degree and 5 years PICU experience preferred.

6 South Pediatric Cardiac Care Center - Registered Nurse-Level I-II (218811)

FT positions available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit standard.

Exciting opportunities await RN's looking to work in a fast paced pediatric unit caring for surgical and medical patients with cardiac disease. The Pediatric Cardiac Care Center provides state of the art nursing care to children and young adults with congenital heart defects undergoing cardiothoracic surgery, and cardiology patients with known or newly diagnosed cardiac disease. This specialized unit delivers comprehensive care through a multidisciplinary approach from admission through discharge. The ideal candidate must demonstrate strong critical thinking and communications skills, and be able to manage highly acute, complex patients in a rapidly changing environment.

Pediatric Emergency Department (Peds ED) - Registered Nurse - Level II (211628)

FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

The Peds ED offers family centered care to those under the age of 19, seeking care for urgent and emergent issues. The unit is comprised of 18 general care beds, 1 critical care bed, 4 urgent care beds and the use of the 7 bed trauma bay which we share with the adult ED. The tertiary care offered at GCHaS has a complex case mix. From treat and release to acute critical care/trauma the staff are trained to function in a fast paced and challenging environment. Minimum of one year experience in pediatric acute care or ED experience. Provide direct care to pediatric patients/families in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility
Available Positions

and clinical competence.

**Pediatric Nephrology - Registered Nurse-Level III (218497)**

Part time (daytime) position available (20hr/week). Schedule would be 8:30 am – 5:00 pm on Tuesday and Thursday and one 4 hour day of your choice. However, some schedule flexibility would be needed for training purposes initially.

Work collaboratively with pediatric RN, NP, SW, RD and physicians to provide compassionate and quality care to pediatric nephrology patients. The majority of your daily responsibilities would include phone communication and triage: specifically communicating with families about lab results, medication changes, any updates from providers, and illness concerns. Other daily tasks would include referral review for prospective new patients, communication with patient schools and primary care providers, and close tracking of our kidney transplant population. Some clinic/inpatient time may be needed to help facilitate 24-hour blood pressure monitor placement and education for families on how to check urines at home. Position requires strong assessment, interpersonal and communication skills. Requires an RN with current NYS license. Previous pediatric experience desirable.

**Pediatric Surgical Suite - Registered Nurse-Level II (216442)**

FT/PT positions available, D/E/N, 8 and 10 shifts, week-end, holiday and on-call responsibilities.

Opportunity to work in a family oriented pediatric surgery center with in-patients and out-patients. Pediatric, PACU, PICU, Med/Surg, and/or critical care experience preferred. In this fast paced and challenging unit, RN's work together as a team in the variable settings of Preanesthesia, PACU, and Post-operative Discharge. Demonstrates flexibility with scheduling to meet unit needs.

**Pediatric Transport Nurse - Registered Nurse-Level III (211410)**

FT positions available (36 hours), D/N – 12 hour shifts. Rotating holiday requirements, occasional on-call responsibilities.

The Pediatric Transport Team is seeking experienced critical care nurses for the role of pediatric transport nurse. The Pediatric Transport Program transports critically ill children from outlying hospitals in the Upstate NY region to Golisano Children's Hospital at URMC via ambulance, rotary, and fixed wing aircraft. In addition, the transport nurse is an expert resource for the entire pediatric service and is essential in the following: Rapid Response Team, Pediatric Code Team, procedural sedation, advanced IV access, intra-facility transport of critically ill patients, and pediatric trauma response. As a member of the pediatric critical care team, the transport nurse initiates and participates in ongoing staff education, performance/quality improvement, and organizational activities that contribute to improving patient care and safety. The ideal candidate will have a minimum of three years pediatric critical care experience; combined relevant experience will be considered.
Available Positions

Ophthalmology APP Fellowship - Family Nurse Practitioner/Physician Assistant (215832)
FT position available, primarily days, no weekends

The University of Rochester is seeking a motivated APP interested in specializing in ophthalmology to acquire the needed skills through Ophthalmology Advanced Practice Practitioner training program. This wonderful opportunity will position the advanced practice provider (APP) to participate in a rich array of education opportunities and one on one teaching provided by our nationally recognized faculty. The successful candidate will work with an assigned mentor throughout this one year program to assist the candidate in the acquisition of Ophthalmology clinical knowledge and patient care skills. Rotations in subspecialty clinics with a focus on neuro and plastic ophthalmology. Candidates must demonstrate a high level of clinical competence in the coordination of care across the inpatient and outpatient setting, strong communication skills, and a focus upon patient centered care and patient/family satisfaction. Qualifications: Requires a Master’s degree in Nursing, NYS licensure and National Certification as a NP. Physician Assistant-Completes an AMA approved Physician Assistant Program, NYS licensure and National Certification.

Cancer Center

Cancer Center - Benign Hematology and Apheresis - Nurse Practitioner/Physician Assistant (219143)
FT position available, M-F, daytime hours; 4, 10 hours possible

This is an opportunity for a motivated APP to join the growing Benign Hematology Team at the Wilmot Cancer Institute. Responsibilities include evaluation and management of acute illness and chronic symptom management, follow-up, coordination of services, and family education. This role will also include working with a team of dedicated apheresis nurses and nurse managers in the management of patients during their apheresis procedures including stem cell collection. Excellent communication skills with proven ability in exercising independent judgment and initiative. Must be NYS eligible for NP/PA certification.

Sands Infusion Center within Thompson Hospital - Nurse Practitioner/Physician Assistant (219425)
Full Time position available. Monday through Friday, primarily daytime hours

Exciting opportunity for Advanced Practice Provider to join our Wilmot team in Canandaigua, NY. With a growing need for referral infusions in our community, Wilmot has expanded our services at our Sands Cancer Center to provide referral
Available Positions

infusions. This person will work closely alongside the oncology nursing team and our regional Wilmot offices. Responsibilities include supporting referring offices to optimize order entry and navigating the standardized referral process. This process frequently involves discussions between networking with referring practices in the community. The role is ideal for someone who is self-directed, has experience with working with teams, and has a proven ability to exercise independent judgement. This role supervises patients in the 3-chair infusion center and acts as an administrative leader in optimizing the referral practice across our sites. Must be NYS eligible for NP/PA certification.

**Wilmot Cancer Institute APP Fellowship - Nurse Practitioner / Physician Assistant (219455)**

FT position available, D/N rotation, 8-12 hour shifts, weekends and holidays as needed

The APP Fellowship Program in the Wilmot Cancer Institute is a 1-year postgraduate specialty training for nurse practitioners and physician assistants. The intensive clinical fellowship program includes a core program of cancer care in either of two specialty tracks: hematology or solid oncology with rotations through ambulatory and inpatient services. In addition, several specialty rotations to enhance the oncology provider education are included: radiation oncology, palliative care, medical marijuana, and hereditary cancer screening. Training methods include clinical immersion, didactic lectures, and on-line training modules. Qualifications: Nurse Practitioners require a Master's degree in Nursing, an active NYS licensure in good standing, and eligible for national certification. Physician Assistants require completion of an AMA approved Physician Assistant program, NYS licensure in good standing, and eligible national certification as a Registered Physician Assistant.

Other Opportunities for Nurses

Health Sciences

*Project Nurse (208813)*

8 AM-4:30 PM

Overview: The University of Rochester offers a world-class Executive Patient Services program which includes the departments of Special Patient Services and Executive Health. These medical concierge and executive physical programs provide enhanced customer service to the University of Rochester's major donors, identified prospective donors, and corporate clients and offers best-in-class preventive health assessments. The programs provide these individuals and their families with high-touch service under a "one call does it all" access program. The primary program objectives are: To provide a comprehensive, outstanding Executive Health physical program to existing and companies, new companies, and individual executive clients. To further strengthen existing relationships between the University and its major donors and corporations. To establish and strengthen relationships with newly identified companies and prospects for the University.

Specific Responsibilities: Collaborates cohesively with all members of the Executive Health team to organize and smoothly facilitate the Executive Health physical program. Including, but not limited to, gathering medical health history, telephone interviews, scheduling consultations with faculty members, and assisting with the executive physical. Actively participating in delivering the highest quality executive patient care including exercise tolerance testing, EKG, pulmonary function testing, vision and hearing screening and other tasks as required. Works closely with department chairs, physicians, and staff to facilitate inpatient and outpatient visits for our existing donors and corporate partners. Documents patient encounters and progress through the Executive Patient Services process, act as a liaison between Advancement gift officers, Executive Patient Services staff and donors. Provides outstanding communication and stewardship with University of Rochester donors and corporate partners. Anticipates the need for appropriate materials for the Executive Director for effective decision making and preparation for meetings and lunches. Proactively prepares and compiles background information needed in preparation for meetings, events and activities. Arranges follow-up meetings, correspondence, and activities as it relates to patient stewardship, cultivation and relationship building. Follows all HIPAA regulations and ensures compliance throughout the implementation, evaluation, and continuance of the program. Provides program coverage both during business hours and after hours via the 24/7 on call answering service. Other duties as required by the Chief Medical Officer and the Executive Director of Executive Patient Services.

Requirements: Registered Nurse with current NY State license and a minimum of 5 years of nursing experience. Master's degree preferred, ideally as a NYS licensed Nurse Practitioner or Physician Assistant. Embraces the importance of patient satisfaction and patient-centered care. Must have experience collaborating and building consensus among diverse constituencies; excellent organizational and communication skills are required. Ability to work with a high level of confidentiality is imperative. Previous experience interacting with patients is required. Ability to think creatively is a plus.

Project Nurse (212179)

8 AM-6 PM

Position Summary: Are you looking to expand your expertise and practice to the full scope of your license in a supportive and collaborative environment? Then a nursing position in Passport Health may be just what you are looking for. The Project Nurse in Passport Health (travel medicine program) works independently in seeing and managing clients who are preparing for overseas travel. Nurses rely on protocols but exercise professional judgement when developing and executing the plan of care. The nurse provides comprehensive patient care/client services with a focus on customer service excellence and clinical expertise. The nurse works collaboratively with the team to assure efficiency of service delivery and coordination of care. The nurse will work in the Syracuse office located 6320 Fly Road, East Syracuse, NY 13057. Some travel may be required for offsite clinics being held. Responsibilities: The nurse will provide immunizations and travel health counseling; develop a plan of care including vaccine administration and prescription medications based on the clients health history, travel itinerary; develop a plan of care using standing orders and where needed, consult with the Passport Health Medical Director as appropriate. Specific responsibilities include: Review client health history, immunization and vaccination records and travel itinerary to provide detailed, personalized recommendations regarding travel. Review client-specific written and standing orders, including recommendations for administration of vaccines and immunizations. Review geography, activity and seasonally specific health risks indicated by traveler’s itinerary. Vaccinate clients appropriately based on travel itinerary and current protocols. Educate clients about travel specific to their itinerary. Advise clients in appropriate actions to take to help mitigate health risks. Participate in training for travel medicine standards of care for all
Available Positions

travel vaccinations. Comply with recording and documentation standards (for example, NYSIS). Participate in QA activities and make recommendation to improve practice. Remain current in all relevant information about travel medicine, vaccinations and evidence based standards of care. Review privacy laws, vaccine safety and efficacy information, travel advisories and other job-critical information at monthly meetings. Use the electronic medical record appropriately for documentations and follow up care. Work collaboratively with peers in problem solving. Assure standard of care for all clients. Provide care to individuals, families and travel groups as needed. Participate in staff meetings. Qualifications: Effective and courteous communication with clients, staff and liaisons from outside organizations. Ability to efficiently coordinate with the Program Administrator. Position requires ability to multi-task, to function independently or as part of a team, flexibility, and problem solving ability in a fast-paced environment while maintaining a positive attitude. Basic computer skills are essential. Registered Nurse with BSN degree preferred, and must possess current CPR certification.

**Project Nurse (218789)**

Project Nurse

Position Summary: Nurses in the Center for Employee Wellness (CEW) provide direct care services to clients in a variety of settings. Nurses perform full panel biometric screenings using point of care testing (POCT) and provide follow up counseling and education about strategies to improve or maintain health. Nurses also refer/recommend clients to appropriate programs. Our nurses work in a fast paced, collaborative environment where nursing expertise is valued and independent practice is realized. Nurses report to Chief Wellness Officer. Responsibilities: Employee Wellness – Biometrics Conduct POCT biometric screenings. Integrate information in real time from biometric screenings; educate and counsel participant on outcomes. Engage and encourage participant to follow-up with personal health assessments and other resources to make measurable improvements in their wellness goals. Make referrals as appropriate to PCP, Condition Management, Lifestyle Management, Behavioral Health Partners, and other programs based on participant needs. Use technology effectively to meet client needs. Communicate with other service providers. Provide onsite nurse wellness coaching utilizing information from various sources including biometric screening and personal health assessments. Stay current with best practices in the health and wellness field. May oversee other clinical staff and clerks to assure smooth administration of clinical services and/or participate in coordination of off-site clinics and group sessions. Responsibilities: Licensed Registered Nurse with excellent organizational and communication skills and the ability to multi-task and problem-solve in a fast-paced clinical environment. Nurses must be able to travel to employer sites to provide services. Use of a car (reimbursement for mileage provided) and a current New York State driver's license is required. Basic computer skills are essential. Registered Nurse with current CPR certification.
