*Exec Patient Svcs Nurse, URMS Special Patient Svcs (220669)*

8 AM-4:30 PM

Position Summary: The University of Rochester offers a world-class Executive Patient Services program which includes the departments of Special Patient Services and Executive Health. These medical concierge and executive physical programs provide enhanced customer service to the University of Rochester's major donors, identified prospective donors, and corporate clients and offers best-in-class preventive health assessments. The programs provide these individuals and their families with high-touch service under a "one call does it all" access program. The primary program objectives are: To provide a comprehensive, outstanding Executive Health physical program to existing and companies, new companies, and individual executive clients. To further strengthen existing relationships between the University and its major donors and corporations. To establish and strengthen relationships with newly identified companies and prospects for the University.

Reporting to the Executive Director for Executive Patient Services, the Executive Patient Services Nurse will provide the necessary coordination of stewardship with current major donors, strengthening relationships with new prospective donors, as well as, organizing and facilitating a robust Executive Health program. Responsibilities: Collaborates cohesively with all members of the Executive Health team to organize and smoothly facilitate the Executive Health physical program. Including, but not limited to, gathering medical health history, telephone interviews, scheduling consultations with faculty members, and assisting with the executive physical. Actively participating in delivering the highest quality executive patient care including exercise tolerance testing, EKG, pulmonary function testing, vision and hearing screening and other tasks as required.

Works closely with department chairs, physicians, and staff to facilitate inpatient and outpatient visits for our existing donors and corporate partners. Documents patient encounters and progress through the Executive Patient Services process, act as a liaison between Advancement gift officers, Executive Patient Services staff and donors. Provides outstanding communication and stewardship with University of Rochester donors and corporate partners. Visits bedside patients and performs off-site visits as directed. Anticipates the need for appropriate materials for the Executive Director for effective decision making and preparation for meetings and lunches. Proactively prepares and compiles background information needed in preparation for meetings, events and activities. Arranges follow-up meetings, correspondence, and activities as it relates to patient stewardship, cultivation and relationship building. Follows all HIPAA regulations and ensures compliance throughout the implementation, evaluation, and continuance of the program. Provides program coverage both during business hours and after hours via the 24/7 on call phone line. Other duties as required by the Assistant Director and the Executive Director of Executive Patient Services. Qualifications: Bachelor's degree and current RN license (which must be maintained) with a minimum of 5 years of nursing experience. Master's degree preferred. Embraces the importance of patient satisfaction and patient-centered care. Must have experience collaborating and building consensus among diverse constituencies; excellent organizational and communication skills are required. Ability to work with a high level of
