Available Positions

**OB/GYN Nursing**

**3-1200 - High Risk Antepartum/Postpartum - Registered Nurse - Level I - II (216598)**

FT position available, D/N, 8 & 12 hour shifts, holidays, and weekends per unit policy.

Provide direct care to high-risk antepartum and postpartum women with medically or obstetrically complicated pregnancies. Collaborate with physicians, nurse midwives and social workers to provide the highest quality care to the high risk patient population. Demonstrate good communication skills and the ability to prioritize and problem solve. In addition to the primary position to this unit, employees are oriented and trained to various competencies/modes of care across the OB service. Floating among the units in order to meet variable needs of volume and acuity is an ongoing expectation of all OB/GYN nurses. 2-3 years of RN experience required, OB experience helpful but not necessary.

**3-1600/3-3600 Birth Center - Registered Nurse-Level II (217044)**

FT position available (36 hours). D/N, 8 & 12 hour shifts, holidays and weekends per unit policy. On-call responsibilities which include availability to arrive to unit within 40 minutes for predetermined, self-scheduled shifts.

This position focuses on care of low to moderate risk women and healthy newborns, with an emphasis on education and impassioned support of the mother-baby dyad. Collaborate with physicians, nurse practitioners, lactation consultants, fellow nurses, and social workers to provide the highest quality care in a culture of teamwork that values integrity, compassion, accountability, respect and excellence. Expectation is to provide patient and family centered care ALWAYS, especially in challenging situations. Excellent communication skills, ability to prioritize and problem solve, comfort with electronic computer systems, and an aptitude for quick learning are required. OB experience is preferred, but will consider applicants that can speak to a passion for obstetrics. Orientation to all OB service units, will occur, in order to provide on–going cross unit flexibility at all times.

Pediatric Nursing

**6 North - Pediatric Intensive Care Unit (PICU) - Registered Nurse-Level II (217730)**

FT positions available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit standard.

The Pediatric Intensive Care Unit (PICU) seeks motivated individuals with a passion for caring for critically ill children and their families. The ideal candidates demonstrate critical thinking, ability to adapt in a rapidly changing patient population, and exceptional communication with patients, families and colleagues from all disciplines. The PICU nurse will become an expert at providing care to a wide variety of patient conditions from infancy to adolescence. Diagnoses include, but are not limited to, complex medical conditions (respiratory failure, sepsis, and multisystem organ dysfunction), pre and post operative conditions, multiple trauma including neurologic compromise, as well as children needing acute management of chronic illnesses. The PICU nurse balances the high technologic needs of critically ill patients with the holistic needs of children and their families.

**Department of Pediatric Allergy and Immunology - Registered Nurse-Level II (217627)**

PT (20hrs) position available; mostly days

The Department of Pediatric Allergy is seeking a team oriented yet independent pediatric nurse to work within our multidisciplinary team to provide patient and family centered outpatient care. This position involves nursing care in clinic that will include patient monitoring and assessment while administering allergy shots, allergy testing, oral food/drug challenges, and food allergy trials as well as other clinic/patient support duties. When not in clinic this position will provide telephone triage/management to support the care of the patients seen by The Division of Pediatric Allergy. Nurses must have 3-5 years pediatric nursing experience as well as excellent problem solving, prioritization and communication skills. Must be able to use independent judgment skills within the support of the multidisciplinary team. Telephone Triage and phlebotomy skills preferred but not required.

**Division of Child Neurology - Registered Nurse-Level II (217054)**

Full Time- 40 hours, days, Monday-Friday, 8:00 am-4:30 pm

The division of Child Neurology is seeking an enthusiastic, independent nurse to join a team-based outpatient practice. The position requires attention to detail and a compassionate and caring nature. Duties include telephone triage, prescription management and referral review. The Child Neurology team is a cohesive group that manages the care of children with seizures, headaches, tics, cerebral palsy and other neurologic diagnoses. Nurses must have at least 2 years of nursing experience as well as excellent problem solving, prioritization and communication skills.

**Pediatric Cardiac Catheterization/EP Lab - Registered Nurse-Level II (217156)**

FT position available, Monday thru Friday, primarily days, with on-call responsibilities.

Function as a member of the Pediatric Cardiology team with primary responsibilities in the Pediatric Cardiac Catheterization/EP lab. Primary responsibilities include control room role for hemodynamic/interventional procedures,
Available Positions

including hemodynamic and rhythm monitoring and creation of patient data reports and procedure documentation. Provide direct care to pediatric and adult cardiology patients undergoing cardiac catheterization procedures, including pre-procedural assessments, patient education, and discharge planning. Act as circulation nurse during procedures. Assist with patient management, and telephone triage for patients undergoing cardiac catheterization. Pediatric experience preferred, minimum of 3 years acute care experience preferred.

**Pediatric ECMO Specialist - Registered Nurse-Level III (216440)**

FT position available, D/E/N, weekends, on-call and holidays per program policy

Manages and controls extracorporeal membrane oxygenation technology, and performs associated procedures in acutely ill pediatric patients in a critical care setting. Operates, maintains, and troubleshoots all devices and associated equipment. Provides ongoing surveillance of clinical and physiologic parameters, and modifies and adjusts devices to achieve desired effects. We are currently seeking ambitious clinicians (RN or RT) that are ready to build their career skills. Minimum of 1 year Critical Care experience is required, Pediatric ECMO experience preferred.

**Pediatric Emergency Department (Peds ED) - Registered Nurse - Level II (211628)**

FT position available, D/E/N, 8 and 12 hour shifts, holidays and weekends per unit policy, on-call responsibilities.

The Peds ED offers family centered care to those under the age of 19, seeking care for urgent and emergent issues. The unit is comprised of 18 general care beds, 1 critical care bed, 4 urgent care beds and the use of the 7 bed trauma bay which we share with the adult ED. The tertiary care offered at GCHaS has a complex case mix. From treat and release to acute critical care/trauma the staff are trained to function in a fast paced and challenging environment. Minimum of one year experience in pediatric acute care or ED experience. Provide direct care to pediatric patients/families in a fast paced collaborative environment. Demonstrates good interpersonal skills, strong prioritization and organizational skills, flexibility and clinical competence.

**Pediatric Imaging Sciences - Golisano Children’s Hospital - Registered Nurse-Level II (216390)**

FT position available, D/E/N with primarily D/E, staggered 8/10/12 hour shifts, minimal weekend or holiday responsibilities.

This unique unit seeks passionate and motivated individuals to care for a wide variety of inpatients and outpatients across the pediatric age spectrum undergoing diagnostic CT, MRI, PET MRI, Ultrasound, and GI/GU imaging. Population also includes sedated procedures, including pre and post/minimal to deep sedation and general anesthesia for IR and MRI. Although predominately pediatric, this area also cares for adult patients undergoing cardiac CT, MRI and PET/MRI. Must be flexible and able to adapt/prioritize readily to changing responsibilities in a fast paced environment. Strong assessment, excellent communication and good IV skills are essential. Expectation is to provide high quality patient and family centered care, especially in challenging situations. 2-3 years of acute pediatric or mixed adult/pediatric experience required. Radiology, Pediatric Critical Care, Pediatric PACU or Pediatric ED experience preferred. PALS & ACLS certification required within 1 year of hire.

**Pediatric Specialty Nurse for the Division of Developmental and Behavioral Pediatrics (DBP)**
Available Positions

Registered Nurse-Level II (217646)

PT (20hr) position available; mostly days

The Clinical Services of DBP are seeking an autonomous, yet team oriented pediatric nurse to work within our multidisciplinary team to provide patient and family centered care. This is a fast-paced outpatient program providing care to children with intellectual and developmental disabilities. This position involves telephone triage and care management, as well as phone-based patient education and family support to families receiving care through DBP. RNs work collaboratively with NPs, MDs, psychologists and others on the DBP team. Nurses must have 3-5 years pediatric or Behavioral Health nursing experience as well as excellent problem solving, prioritization and communication skills. Must be able to use independent judgment with the support of the NP team. Telephone Triage skills and disability knowledge preferred but not required. Spanish language fluency preferred but not required. Diverse applicants encouraged to apply.

Pediatric Surgical Suite - Registered Nurse-Level II (216442)

FT/PT positions available, D/E/N, 8 and 10 shifts, week-end, holiday and on-call responsibilities.

Opportunity to work in a family oriented pediatric surgery center with in-patients and out-patients. Pediatric, PACU, PICU, Med/Surg, and/or critical care experience preferred. In this fast paced and challenging unit, RN's work together as a team in the variable settings of Preanesthesia, PACU, and Post-operative Discharge. Demonstrates flexibility with scheduling to meet unit needs.

Pediatric Transport Nurse - Registered Nurse-Level III (211410)

FT positions available (36 hours), D/N – 12 hour shifts. Rotating holiday requirements, occasional on-call responsibilities.

The Pediatric Transport Team is seeking experienced critical care nurses for the role of pediatric transport nurse. The Pediatric Transport Program transports critically ill children from outlying hospitals in the Upstate NY region to Golisano Children's Hospital at URMC via ambulance, rotary, and fixed wing aircraft. In addition, the transport nurse is an expert resource for the entire pediatric service and is essential in the following: Rapid Response Team, Pediatric Code Team, procedural sedation, advanced IV access, intra-facility transport of critically ill patients, and pediatric trauma response. As a member of the pediatric critical care team, the transport nurse initiates and participates in ongoing staff education, performance/quality improvement, and organizational activities that contribute to improving patient care and safety. The ideal candidate will have a minimum of three years pediatric critical care experience; combined relevant experience will be considered.

Other Opportunities for Nurses

Health Sciences

*Project Nurse (208813)*

8 AM-4:30 PM

Overview: The University of Rochester offers a world-class Executive Patient Services program which includes the departments of Special Patient Services and Executive Health. These medical concierge and executive physical programs provide enhanced customer service to the University of Rochester’s major donors, identified prospective donors, and corporate clients and offers best-in-class preventive health assessments. The programs provide these individuals and their families with high-touch service under a “one call does it all” access program. The primary program objectives are: To provide a comprehensive, outstanding Executive Health physical program to existing and companies, new companies, and individual executive clients. To further strengthen existing relationships between the University and its major donors and corporations. To establish and strengthen relationships with newly identified companies and prospects for the University.

Specific Responsibilities: Collaborates cohesively with all members of the Executive Health team to organize and smoothly facilitate the Executive Health physical program. Including, but not limited to, gathering medical health history, telephone interviews, scheduling consultations with faculty members, and assisting with the executive physical. Actively participating in delivering the highest quality executive patient care including exercise tolerance testing, EKG, pulmonary function testing, vision and hearing screening and other tasks as required. Works closely with department chairs, physicians, and staff to facilitate inpatient and outpatient visits for our existing donors and corporate partners. Documents patient encounters and progress through the Executive Patient Services process, act as a liaison between Advancement gift officers, Executive Patient Services staff and donors. Provides outstanding communication and stewardship with University of Rochester donors and corporate partners. Anticipates the need for appropriate materials for the Executive Director for effective decision making and preparation for meetings and lunches. Proactively prepares and compiles background information needed in preparation for meetings, events and activities. Arranges follow-up meetings, correspondence, and activities as it relates to patient stewardship, cultivation and relationship building. Follows all HIPAA regulations and ensures compliance throughout the implementation, evaluation, and continuance of the program. Provides program coverage both during business hours and after hours via the 24/7 on call answering service. Other duties as required by the Chief Medical Officer and the Executive Director of Executive Patient Services.

Requirements: Registered Nurse with current NY State license and a minimum of 5 years of nursing experience. Master’s degree preferred, ideally as a NYS licensed Nurse Practitioner or Physician Assistant. Embraces the importance of patient satisfaction and patient-centered care. Must have experience collaborating and building consensus among diverse constituencies; excellent organizational and communication skills are required. Ability to work with a high level of confidentiality is imperative. Previous experience interacting with patients is required. Ability to think creatively is a plus.
