# *II International Conference on* **Clinical Sciences and Drug Discovery**

July 27-29, 2016 | Abertay University  
Dundee, Scotland

*Drug discovery and development to clinical trials*

# Welcome Message

Dear colleagues,

On behalf of the local organising committee of CSDD-2016, I am honoured and delighted to welcome you to the International Conference on Clinical Sciences and Drug Discovery (CSDD) in Dundee, Scotland. This will be an excellent opportunity to meet again in Europe, following the very successful CSDD-2015 held in Baltimore.

CSDD-2016 will provide a perfect opportunity for multidisciplinary collaboration between clinicians, scientists, policy makers, innovators, public health researchers, pharmaceutical scientists, internists and primary care physicians from all over the world to discuss important international breakthroughs in the fields of clinical sciences and drug discovery. We look forward to your contribution and participation in three days of stimulating discussion, knowledge sharing, networking and co-operation.

We also hope and trust that you will find the conference, and your visit to the very beautiful and exciting city of Dundee, in July 2016 both valuable and enjoyable. Many of Dundee's main tourist attractions and all the accommodation for delegates are in walking distance from the conference venue. Moreover, you will have the opportunity to enjoy an evening of Scottish country dancing and a reception in Dundee City Chambers hosted by the Lord Provost.

**Professor Nikolai Zhelev**

Chair, Local organising committee of CSDD-2016

# CSDD-2016

## About Conference

United Scientific Group (USG) successfully completed its first International Conference on Clinical Sciences and Drug Discovery, in Baltimore during November 02-04, 2015 (CSDD-2015).

With the enthusiasm and prodigious success, USG are proudly announcing the second International Conference on Clinical Sciences and Drug Discovery at Dundee, Scotland during July 27-29, 2016 (CSDD-2016) with a theme drug discovery and development to clinical trials.

Our focus lies on the translation of academic research findings into industry-driven drug development. The features including a world-class program of invited speakers from industry and academia, oral and poster presentations from submitted abstracts maintaining the same level of talks.

Throughout the course of the three-day conference, you will get an exclusive opportunity to network and be involved in inspiring and interesting discussions of scientists and researchers on antimicrobials: bacterial,

fungal, viral, protozoal, antineoplastic, endocrinology and metabolism, hematological, CNS & ANS, cardiovascular system, respiratory, nano therapeutics, computer aided drug designing, structural biology and many more research topics.

The organizing committee is confident that participants will benefit from the high value scientific program and welcome all the researchers and experts to join us for these 3 days of stimulating discussions, knowledge sharing and networking event.

## About Organizers (United Scientific Group):

United Scientific Group (USG), an expert-driven initiative led by the editor's association and the advisory board which includes academicians, researchers, and industry leaders across various fields of research. USG provides broad range of services in the fields of science and technology including publishing, conducting world class scientific events, and holding highly interactive and proficient world forums.

# Conference Topics

**Sessions are classified based on disease states and their interventions**

## Indications, disorders, and diseases

- Infectious: bacteria, fungi, viruses, protozoa
- Neoplastic: cancers, tumours, and lymphomas
- Endocrinologic and metabolic
- Hematological
- CNS & ANS
- Cardiovascular
- Respiratory
- Immunological

## Interventions

- Nanobio therapeutics
- Computer aided drug design
- Structural biology

# Conference Highlights

keynote lecture on

**"Kinase Inhibitors: Major Drugs for the 21<sup>st</sup> Century"**

**By**

**Professor Sir Philip Cohen, FRS, FRSE, FMedSci**

School of Life Sciences

University of Dundee

Scotland, UK

Panel Discussion on

**"Drug Discovery and Development in Academia"**

**By**

**Thomas D.Y. Chung**

Mayo Clinic, USA

Special Session on

**"Host Cell Factors as Therapeutics and Drug Targets"**

**By**

**Harold C. Smith**

Rochester University, USA

# CSDD-2016

## Important Dates

- Conference dates: July 27-29, 2016
- Abstract submission opens: Dec 10, 2015
- Registrations opens: Dec 20, 2015
- Registrations ends: June 19, 2016
- On-spot registrations: July 27, 2016

## Special Features

- Panel discussions
- Interactive poster session
- Cross-disciplines
- Collaborations
- Mentoring from senior faculty
- Networking during customized social hours

# Registration & Stay

*All participants, except non-attending co-authors, must pay the appropriate registration fee.*

Category	Business	Academia	Student
<i>Oral Presentation</i>	\$749	\$649	\$299
<i>Poster Presentation</i>	\$699	\$599	\$299
<i>Delegate</i>	\$849	\$749	\$299
<i>Early Bird</i>	\$649	\$549	\$149

*To register online <http://www.drugdiscoverysummit.com/register>*

*Your registration includes:*

- *Access to main conference sessions, exhibits, poster sessions and round table discussions*
- *Conference material*
- *Tea / Coffee breaks, lunch during the conference days*
- *Gala Dinner*

## *Accommodation*

Dundee & Angus Convention Bureau is working with the organising committee to manage accommodation bookings for this event. A special allocation of accommodation, at preferential rates and terms, has been secured with a variety of accommodation providers close to the conference venue.

# Travel Guide

## How to get here (Dundee)

Whatever method of travel you choose, getting to Dundee and Angus in central Scotland is simple, stress free and swift. You'll discover the area is easy to reach by air, road and rail. Loganair operates a twice daily service from Dundee Airport to London Stansted, the fourth busiest airport in the UK, which serves around 150 destinations at home and abroad. Dundee is just 90 minutes drive from 90 per cent of Scotland's population. Or let the train take the strain on one of the regular and direct services from Scottish cities and many English towns and cities, including London.

*Support the event and take the advantage of getting connected with your target audience!*

The United Scientific Group (USG) organizes interdisciplinary international conferences to showcase on cutting-edge basic and applied research outcomes within life sciences including medicine and other diverse role of science and technology in society.

**CSDD-2016** three-day conference will give attendees a chance to interact, learn, and engage with the business leaders and industry's foremost researchers, while tackling the pressing issues that face the new generation. Participants will be top level representatives from sectors like prominent commercial; regulatory; scientific organizations and academic institutes.

USG offers several opportunities for sponsors to demonstrate their support towards science and its people by providing financial contributions to facilitate the presentations of noble research findings, hospitality and other necessary management for the scientific gathering.

# Venue and Location

## **Abertay University**

Kydd Building, Bell St, Dundee DD1 1HG  
Scotland, United Kingdom

## **Dundee Attractions**

Dundee is the 4<sup>th</sup> largest city in Scotland and also the sunniest. It is situated beside Scotland's longest river, the River Tay. Dundee has an excellent offering of attractions.

- Discovery Point and the RRS Discovery
- Scotland's Jute Museum @ Verdant Works
- The McManus: Dundee's Art Gallery and Museum
- Frigate Unicorn
- The Mills Observatory
- Glamis Castle
- Angus Glens
- Botanic Garden
- Dundee Science Centre
- House of Dun

# Our Past Event (CSDD-2015)

International conference on Clinical Sciences and Drug Discovery has successfully concluded on November 04, 2015 at Baltimore. This distinctive conference brought together the senior level experts with a perfect blend for multidisciplinary collaboration between clinical, innovators, pharmaceutical scientists, internists and primary care physicians from all over the world and discussed the latest breakthroughs in the fields of clinical sciences and drug development.

This pinnacle perceived 6 keynote presentations and 40 oral presentations on various topics related to drug discovery and clinical sciences.
