The FIPP website, of course!

Our newly updated website offers a range of firearm injury prevention-related information for community members, health care providers, and firearm violence survivors.

Do you want to know more about our medical center and community partners?

You can find it all at [www.fipp.urmc.edu](http://www.fipp.urmc.edu).

But wait, there's more! The FIPP Team has free cable gun locks available for distribution to your patients.
