RESEARCH IN REVIEW

\$273 million

Total funding

Federal: \$169 million

Community

3,000+
researchers

Scholarship

3,000+
publications
4,000+
citations

Trials

906 clinical trials
Government Funded: 122
Industry: 308
Institutional: 239
Cooperative Group: 219
Other: 18

Innovation

128 invention
disclosures
39 U.S. patents
68 applications

RESOURCE UPDATES AND INNOVATIONS

Single-Cell Proteomics

Enabling high-precision
single cell protein
measurement

Clinical Research Center

Renovated state-of-the-art facility

FlowFlex Solutions

Full-service flow cytometry
project execution
