Dental and Oral Surgery Considerations for Medically Complex Patients

This is a series of lectures, presentations and grand rounds held weekly from September 20, 2012 through July 11, 2013, once every 2 weeks.

2 CDE credit points will be recognized per evening.

EDUCATIONAL OBJECTIVES:

Topics covered include dental management of patients with medically complex background (syncope, asthma, seizures, diabetes, bleeding disorders, hematology diseases, oncologic diseases, bisphosphonate treatment), pregnancy – do's and don'ts in dental management, microbiology of oral and maxillofacial infections and an update on antibiotics, fundamentals of implants, pearls and pitfalls in dento-alveolar surgery.

LEARNING OBJECTIVES:

At the conclusion of the presentation, participants will be able to:

- Discuss the effects of medical background on the dental management.
- Modify dental treatment plan according to the medical background of the patient.
- Identify the do's and don'ts for oral surgery in medically complex patients.

Hospital Dental Services

Eastman Institute for Oral Health
University of Rochester Medical Center

OUR VISION:

- Provide high-quality oral health-related services to the medically complex patients in the Greater Rochester area.
- Advocate and improve the oral health of the inpatients at Strong Memorial Hospital, while promoting close collaboration between dental services and hospital services
- Offer education about oral surgery, oral medicine and hospital dentistry.

CLINICAL SERVICES AVAILABLE:

Hospital Dental Services within Strong Memorial Hospital encompasses oral surgery, oral medicine and hospital dentistry. The group provides an interdisciplinary diagnostic and treatment service for patients with complex orofacial needs.

Among the faculty, special orofacial surgery interests include cleft repair and reconstruction, dental implants, facial cosmetic surgery, management of facial deformities and facial injuries.

Oral medicine interests include diseases and lesions of the oral tissues, oral manifestations of systemic diseases; oral complications of cancer therapy and hyposalivation (dry mouth).

The general dentistry interests are with dental and periodontal health of patients prior to cardiac surgery and dental clearance prior to solid and hematopoietic stem cell transplants.

- More details about presenters and faculty will be updated on the course website: dentistry.urmc.com/dental-management
- Order of topics is subject to change.
- Grand Round presentations will be scheduled on a Monday evening.
- In the event of an unexpected cancellation by the course organizers of a presentation, the topic will be moved to later the same year on a Thursday evening. Announcement will be delivered in advance. Early registration may be refunded or used as a credit for the next CS lecture in this course.

Presenters

Joseph Fantuzzo, DDS, MD

Dr. Fantuzzo is the Chair and Residency Program Director of the Oral and Maxillofacial Surgery Division at Eastman Institute for Oral Health (EIOH). He is an Assistant Professor of Dentistry and an attending surgeon with active staff privileges at Strong Memorial Hospital, University of Rochester Medical Center, in Rochester, New York

Sharon Elad, DMD MSC

Dr. Elad is the Chair of the Oral Medicine Division at EIOH. She is a Professor of Dentistry and an attending dentist with active staff privileges at Strong Memorial Hospital, University of Rochester Medical Center, in Rochester, New York. Dr. Elad is the Secretary of the International Society of Oral Oncology and is a principle investigator in multi-central international trials.

Patricia Carlson, DDS MPH

Dr. Carlson completed an Advanced Education in General Dentistry Program in 2006 and a General Practice Residency (GPR) Program in 2007 at the University of Rochester. She was recruited in 2008 as a faculty member in the Division of General Dentistry. Dr. Carlson has worked with hospital dentistry and GPR residents since she joined the faculty group at UR.

Maricelle Abayon, DMD MS

Dr. Abayon is an Assistant Professor at Eastman Institute for Oral Health. She supervises residents at Howitt Urgent Dental Care at EIOH, and has worked with patients with various medical conditions.

Tajel Shastri, DDS MAHA

Dr. Shastri graduated at Marquette University's Dental School (2006) and from its Master of Health Administration program (2002). She is the Site Director at Eastman Dental Downtown and the Intermediate Program Director of the General Practice Residency Program at Eastman Institute for Oral Health.
