

What if I'm worried about my child's development?

Step 1

Discuss your concerns with your child's PCP.

Contact your school district's committee on special education.

Yes

Is your child at least 3 years old?

Step 2

Request an evaluation for school-based services.

[Contact Early Intervention \(EI\) for your county.](#)

No

Step 3

Review the evaluation results with your child's PCP.

If appropriate, your child's PCP will refer you to us.

Step 4

[Begin our intake process!](#)

A primary diagnosis of ADHD, anxiety, depression, and learning disability is best served by other professionals.

Please consult with your primary care provider (PCP).
