

POSTDOCTORAL POSITION

The University of Rochester School of Medicine and Dentistry Division of Pulmonary & Critical Care Medicine

Postdoctoral positions are available in the laboratory of Steve N. Georas, M.D. at the University of Rochester School of Medicine. The laboratory studies airway epithelial dysfunction in asthma, with a focus on epithelial barrier dysfunction. We are seeking a highly motivated M.D. or Ph.D. with excellent communication skills and prior experience in epithelial cell biology. We are looking for a team player able to work collaboratively with a small group. Please send a CV and cover letter to Steve_Georas@urmc.rochester.edu.
