

Dear Client Depositors,

I am pleased to introduce you to Reprotech, LLC (RTL). RTL will provide you with safe long-term storage of your cryopreserved embryos. RTL is proud to be accredited by the American Association of Tissue Banks and Licensed by the New York State Department of Health and the State of California Department of Health Services. Our staff will provide you with the highest level of experience and professionalism to service your needs.

Please follow the link below to complete our paperwork to open a storage account:

<https://forms.reprotech.com/mn>

Please visit [www.reprotech.com](http://www.reprotech.com) for our current fees. We have agreed to waive the shipping fee for one tank to RTL if included in a group shipment with Strong Fertility Center. If you prefer, we use two tanks, the fee is \$305.00. Shipping insurance is optional and extra.

In compliance with AATB Standards and RTL policies, the following testing must be completed, and the results forwarded to RTL prior to release of your semen for your use in the future: HBsAg and HCV.

Please call RTL at 888-489-8944 if you have any questions or visit our website at [www.reprotech.com](http://www.reprotech.com). We will notify you via mail once a transfer is complete and your specimens are in storage at Reprotech, LLC.

Sincerely,  
Jill Landstrom
